DELTA

see what Delta can do™

PRODUCT CATALOG 2026

We exist to transform people's daily life with water.

The journey of a global brand with focus on innovation.

50s

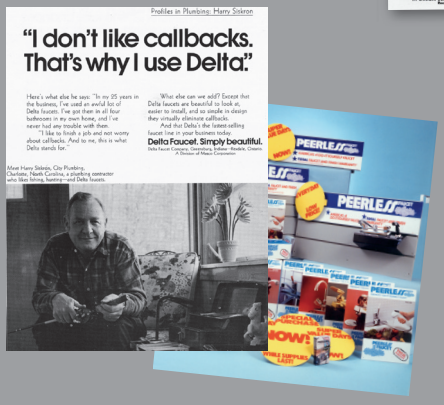

Alex Manoogian developed the first successful single- handle washerless ball valve faucet.

60s

Expanded single-handle line to bath and showers.

70s

First to advertise to plumbers and consumers.

80s

The first pull-out faucet introduced.

90s

Finishes expanded to include Brilliance® Anti-Tarnish Finish.

00s

$H_2Okinetic$® Technology changes the way water moves—and feels.

10s

In2ition® Showers deliver water where you need it the most.

$Touch_2O$® Technology is the first to allow you to touch a faucet on and off.

20s

Glass Rinser powers off hard-to-reach residue in seconds.

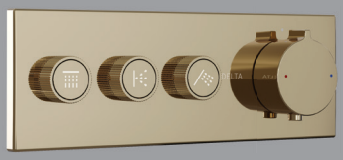

ShieldSpray® Technology powers off the mess without making a mess.

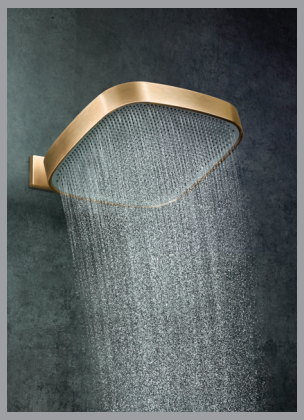

Lumicoat™ Finishes resist mineral buildup and hard water stains.

MagnaChoice® Bud - High performance push button showering system.

ProClean™ Handshower - Powers off stubborn soap scum.

MagnaDrizzle - A precision engineered showerhead that gives you the finest misty rain experience ever.

Clarifi™ Shower Filter reduces chlorine, heavy metals, and odors, improving water quality for healthier skin and hair.

Choice Dway® - Discover the essence of modern showering with the new premium push button shower mixer.

INTERNATIONAL PROJECTS

Our distinctive blend of brand, service and innovation has led to international success. Around the world, our faucets and accessories are produced, sold, distributed—and selected— for use in the finest, most innovative projects, to create an experience like no other.

WaterWise - The Delta Faucet Approach to a Sustainable Future

Use Less, Enjoy More

Even as Delta Faucet Company has always stood for robustly engineered, solidly built, hardworking products and services that transform human lives with water in a meaningful, authentic way; Delta Faucet has also always believed in saying it like it is - with precision and substance. And our approach to saving a precious resource like water, incorporates not only technologies, materials and design but common sense too, to make the best use of available water.

We call it WaterWise.

Let adoption of Delta Faucet products be your contribution towards alleviating the acute water shortage our planet is facing before it's too late. Here's exactly how.

Showering
Delta Faucet showerheads, equipped with proprietary technologies, help save precious water, giving you the feeling of more water without using more water.

15-45% WATERWISE

Kitchen Faucets
Kitchen is a heavy water consumption area and Delta kitchen faucets let you save water in very special ways with convenience and ease.

18-43% WATERWISE

Bath Faucets
Delta Faucet offers a wide range of bath faucets, across designs and finishes, which give superlative experience and consume much less water than other comparable products.

46-63% WATERWISE

Body Sprays
HydraChoice® Body Sprays with 50° of adjustability in any direction suit everyone - from the tallest to the shortest. This unique flexibility ensures you need only 3 body sprays.

60-68% WATERWISE

Water Efficient Technologies

Delta Faucet has been at the forefront of innovation and has consistently developed special technologies that create unique water experiences and bring lasting change to homes. Some of these are:

H_2Okinetic® | Touch$_2$O® | Diamond Seal® | ShieldSpray®

PRODUCT FINISHES

Our versatile designs aren't just stylish—they're paired with a wide range of finishes to help them complement any kitchen or bathroom décor. Add warmth, texture, depth and color to your vision.

Black Stainless (KS) / Lumicoat Black Stainless (KS-PR):
Unique blend of modern sophistication and understated allure to add sleekness and originality.

Polished Gold (PG):
Radiant, mirror-like gold finish that makes a bold statement of opulent sophistication.

Champagne Bronze™ (CZ) / Lumicoat Champagne Bronze (CZ-PR):
Warm, muted brushed gold texture for a timeless appearance.

Polished Nickel (PN) / Lumicoat Polished Nickel (PN-PR):
High-gloss, subtle gold tone veiled in hues of modernity.

Champagne Bronze + Matte Black (GZ):
Versatile, glossy achromatic shade with the contrast of muted brushed gold.

Matte Black (BL):
Versatile, glossy achromatic shade for the feeling of depth and infinite space.

Brilliance Stainless (SS) / Lumicoat Brilliance Stainless (SS-PR):
A neutral, Low-gloss finish to complement any design.

Chrome + Matte Black (CS):
High-gloss Chrome and deep Matte Black split which merges sleek sophistication with the bold contrast of a modern aesthetic.

Venetian Bronze® (RB):
A low-gloss, rich and deeply warm finish with subdued highlights of copper undertones.

Arctic® Stainless (AR) / Lumicoat™ Arctic Stainless (AR-PR):
Glossy finish with icy tones which blends modern simplicity with a touch of cool sophistication.

Chrome (CH) / Lumicoat Chrome (PR):
Cool, high-gloss yet maintains an elegant, contemporary composure.

LUMICOAT™ FINISHES

Delta® Lumicoat™ Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resists water spots and stays cleaner longer; so your faucet stays beautiful for years.

THOUGHTFUL INNOVATION. LASTING DESIGN.

From the beginning, the Delta Faucet Company commitment to innovation has created and refined truly groundbreaking technologies, that ease and simplify the daily lives of their users.

DIAMOND SEAL® TECHNOLOGY

Reliability that lasts a lifetime.

When you combine our tough DIAMOND Valve; which has an artificial diamond coated disc; with InnoFlex® PEX waterways, you get our patented DIAMOND Seal® Technology. DST faucets deliver leak free performance (elimination of dynamic seals), lead free water and incredible durability that lasts up to 5 million cycles - 10 times the global industry standard.

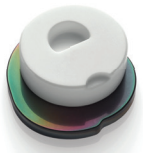

LEAK-FREE
Our DIAMOND Valve features no dynamic seals and reduces the chance of leaks to near zero.

LEAD-FREE
Once inside the faucet, water only passes through PEX waterways and hence, does not come into contact with potential lead contaminants in the metal.

LONGER LASTING
Our patented DIAMOND valve is engineered to last up to five million uses.

LESS HASSLE
Includes a minimum of 32 inches of waterways, which saves the cost of additional supply lines.

DIAMOND-EMBEDDED CERAMIC DISC ELIMINATES WEAR

INTEGRATED INNOFLEX* PEX SUPPLY LINES ARE MADE TO RESIST CRACKS, KINKS AND CORROSION

TOUCH$_2$O.XT® TECHNOLOGY

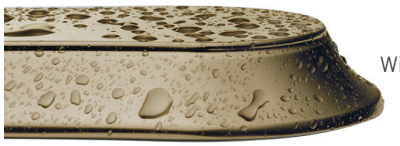

Touch it on. Touch it off.
Or go completely hands free.

Tap anywhere on the faucet handle, spout or body to start the water flow. Tap again to turn the flow off. If you want to go hands free, just bring your hand within 4 inches of any part of the faucet and the water turns on automatically. It then turns off within a few seconds after your hand is withdrawn.

LUMICOAT™ FINISHES

Resist water spots, stays clean longer.

Delta Lumicoat™ Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resists water spots and stays cleaner longer; so your faucet stays beautiful for years.

Without Lumicoat™ Finish

With Lumicoat™ Finish

SWIVEL AERATOR

Water where you need it.

Redirect water up to 12^0 in any direction with a soft, non-splashing flow.

TRILLIAN™

BATH COLLECTION

The prismatic faceting of the Trillian™ Bath Collection is an evolution of modern style that creates an edgy look which catches the light as well as the eye.

CONCEALED CISTERN

Delta's state-of-the-art concealed flushing cistern consists of a robust, blow-molded HDPE body coupled with a durable HDPE outlet pipe and a double O-ring seal to ensure reliable, leak-free operation. The sleek 80mm profile ensures a perfect fit into any bathroom wall.

EASE OF INSTALLATION

- The sleek 82mm design fits in 102mm (4") wall
- Pre-assembled angle valve, fill valve & flush valve for perfect and quick installation
- Flexibility to install with 10 wall mount brackets at different locations
- Greater height adjustability up to 210 mm (in without frame cistern)

BUILD TO LAST

- 1.5 mm thick powder coated frame to cover the complete cistern body
- Stainless steel rack bolts, sturdy clamps with heavy-duty fastener kit
- Tested for 400 KG load
- Robust mechanical flushing design tested for 2,00,000 cycles

Robust
Leak-proof
Easy Installation

LEAK PROOF DESIGN

- Single piece blow molded HDPE (High Density) body with 4mm thickness
- Double o-ring seal
- Pre-assembled forged brass angle valve, fill valve & flush valve
- Heavy duty (HDPE) outlet pipe

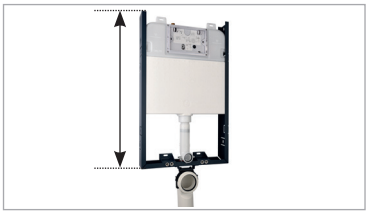

HASSLE-FREE MAINTENANCE

- Easy to remove cover plate
- Larger opening area for easy accessibility of fill/flush valve and angle valve
- Stainless steel filter to prevent debris
- Backed with 10 years warranty on Concealed Cistern and chrome & PVD cover plate, 5 years on powder-coated and organic finishes

Heavy Duty Outlet Pipe

More durable HDPE outlet pipe

Wide Frame Coverage

Heavy duty Single Piece Metal Frame cover full body of the concealed cistern

Rack Bolt

Stainless Steel Rack Bolt for better hold and strength

SHOWERS

TRANSFORM WITH WATER+

Beyond the amazing physical attributes to clean any surface it touches, water has always been revered as an element that restores from within. Something our customers experience every day from our showers and faucets as their stress trickles down and out.

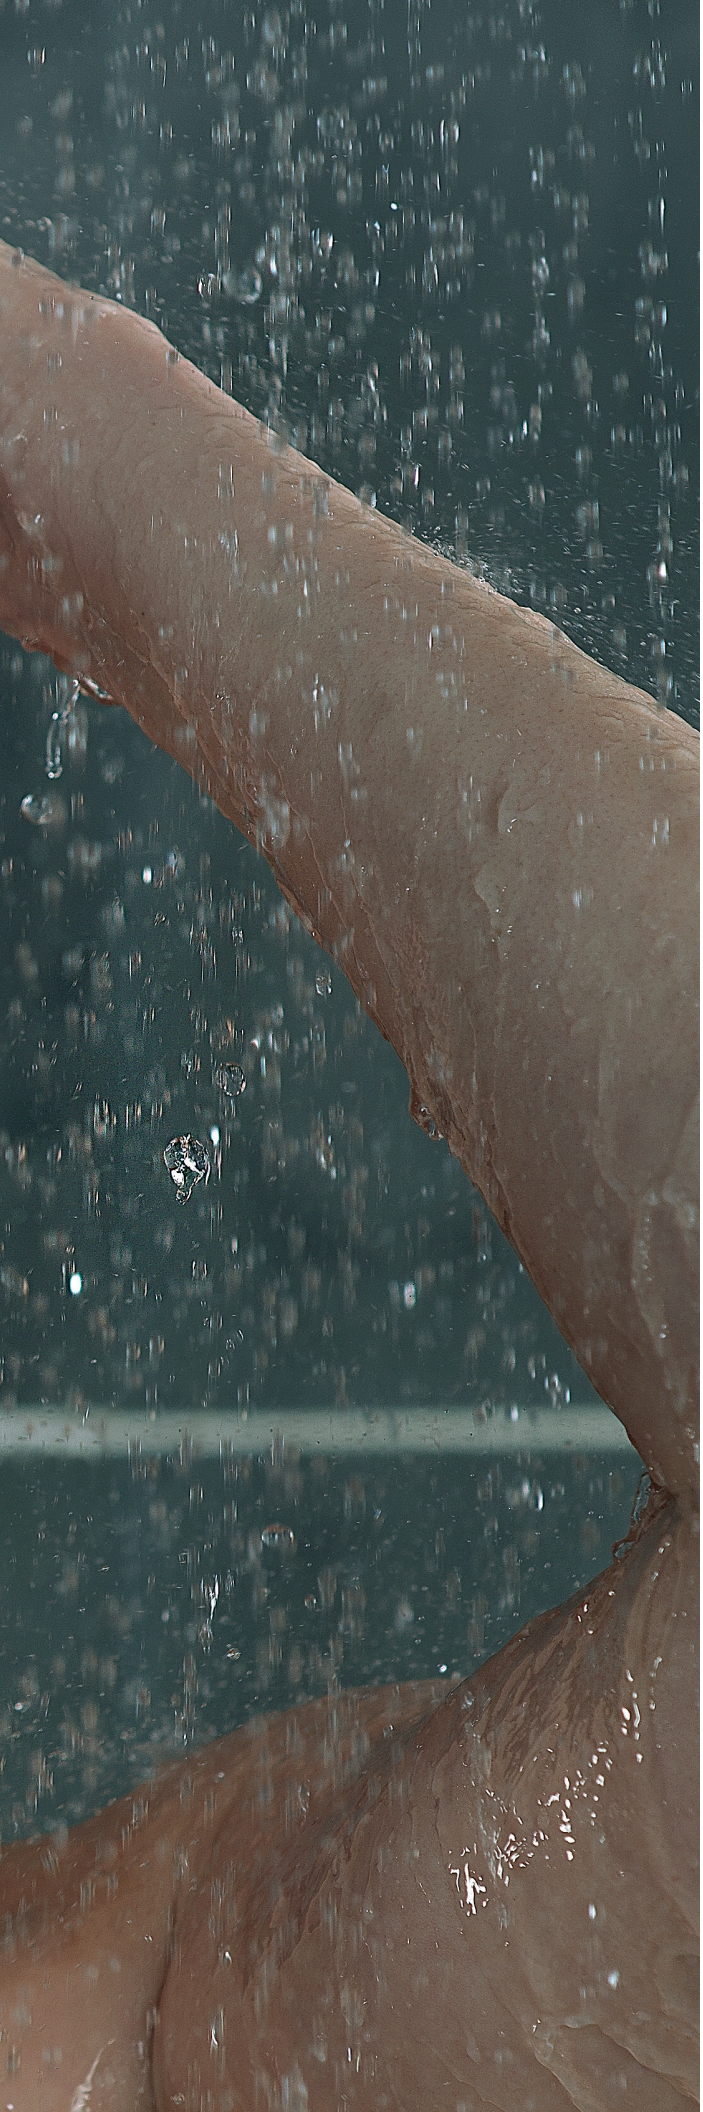

Our designs, technologies and finishes transform how you interact with water; bringing joy, calmness, pleasure and of course cleansing, with every drop, every splash.

THOUGHTFUL INNOVATION. LASTING DESIGN.

More than ever now, we're rediscovering the space we call home and the impact it has on our daily lives. Discover kitchen, bath and showering innovations from Delta that create lasting change in your everyday spaces.

H_2OKINETIC® TECHONOLOGY

The feeling of more water without using more water.

Delta H_2Okinetic® Technology sculpts water into a unique wave pattern that delivers more warmth, intensity, and coverage—while using less water than a standard shower.

H_2OKINETIC POWERDRENCH®

Concentrated and powerful water patterns create a refreshing and invigorating experience. It adds more intensity, immersion and warmth to every single shower.

SPRAY OPTIONS

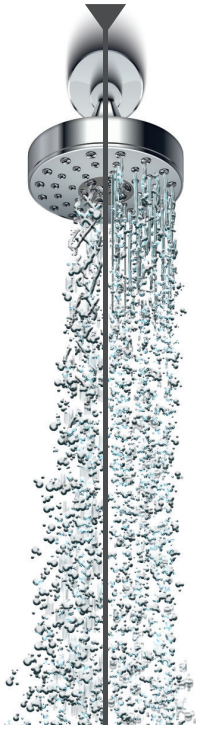

The invigorating, focused spray wakes up your skin for a total body revitalization.

Intense Invigorating Spray vs Standard Shower

Spray creates powerful water patterns, for an energizing experience.

The full immersion spray relaxes your body and turns your shower into a serene retreat.

Dense Natural Rainfall Spray vs Standard Shower

Spray creates saturating water patterns, for a relaxing experience.

H_2OKINETIC ULTRASOAK™

Saturating water patterns create a peaceful experience by mimicking the sensation of a dense, natural rainfall. The perfect choice to prepare for, or melt away, any kind of day.

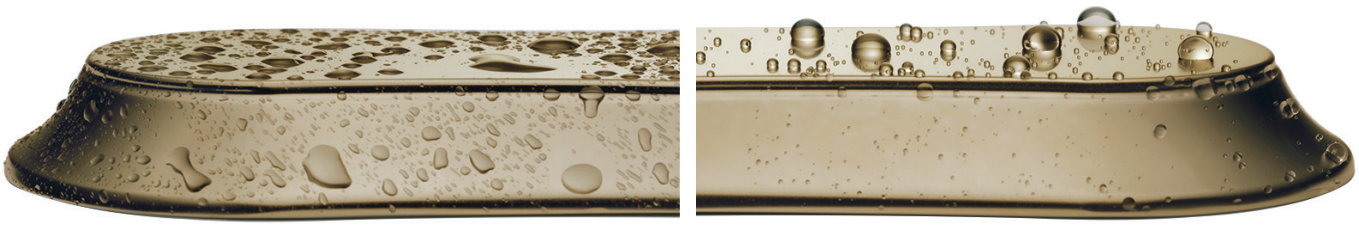

*Coverage measured in accordance with EPA WaterSense® Specification for shower heads, March 4, 2010.

HYDRACHOICE® BODY SPRAY SYSTEM

Experience the next generation custom showering.

The body sprays don't pop out until you pop in the shower. They're part of our HydraChoice® Body Spray System, which lets you adjust the angle of the spray by 50^0 in any direction. This adjustability lets you customize your shower experience for exactly where you want it.

Without Lumicoat™ Finish

With Lumicoat™ Finish

LUMICOAT™ FINISHES

Resist water spots, stays clean longer.

Delta Lumicoat Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet stays beautiful.

IN2ITION®

Two-in-one shower.

The In2ition Shower features a detachable handshower, which can run separately from or simultaneously with the showerhead, giving you the warmth and flexibility of two streams of water at once.

WATER WHERE YOU NEED IT MOST

LED PENDANT RAINCAN SHOWERHEAD

The centerpiece of any shower.

Delta LED Pendant Raincan Showerhead establish distinctive appeal in your space, blending cultivated designs with modern technologies.

LUXURIOUSLY PERSONALIZED

Our range of shower head and hand shower spray patterns provides you with the exact shower experience you're looking for. To identify spray settings on products in the bath and shower sections, look for these descriptions.

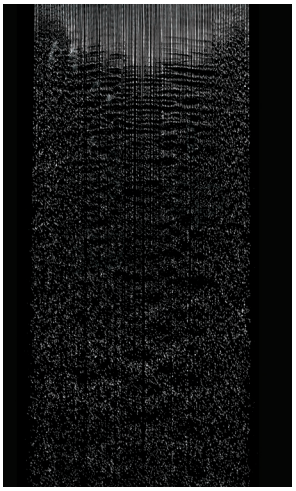

SPRAY PATTERNS

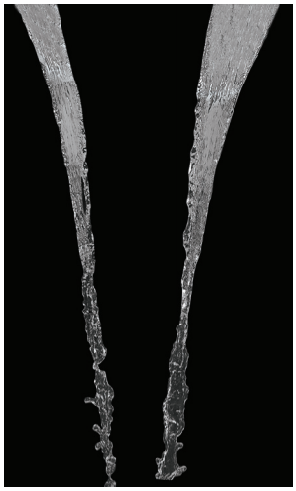

H_2Okinetic®
PowerDrench® Spray (H_2O)
Concentrated and powerful water patterns create a refreshing and invigorating experience.

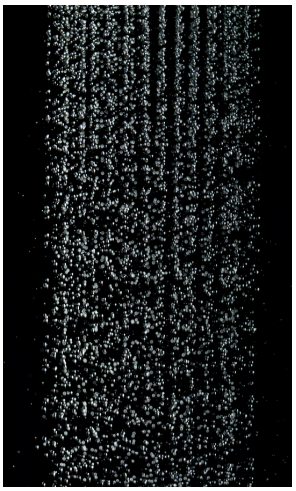

H_2Okinetic®
UltraSoak™ Spray (H_2O)
Mimics the sensation of a dense, natural rainfall.

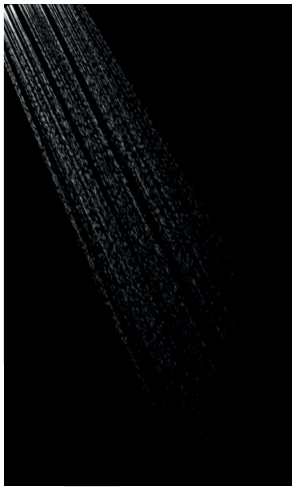

Drizzle Spray (DS)
Finest misty rain experience ever.

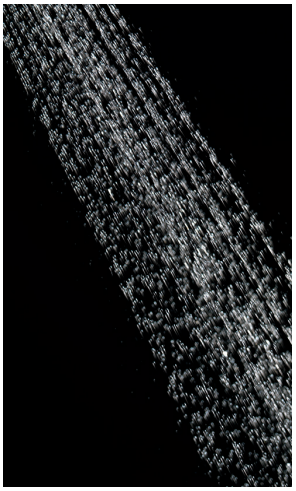

Cascade Flow (CAS)
Deluge of gentle, cascading streams of water.

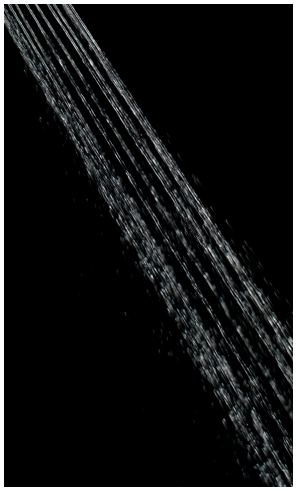

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.

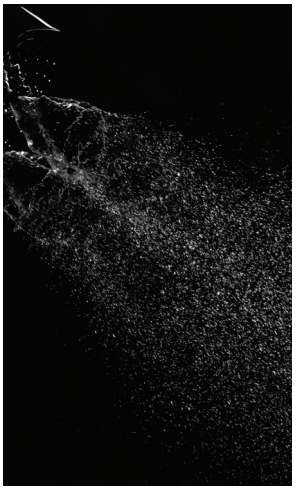

Full Body Spray (FB)
Consistent pressure from all spray holes.

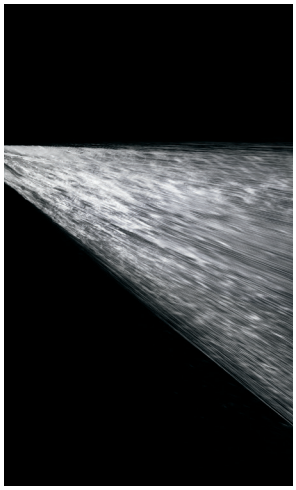

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

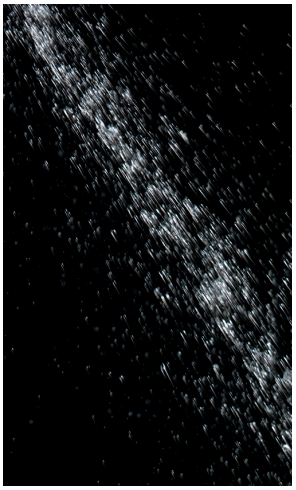

Shampoo Rinsing Spray (SR)
Strong, full body spray.

Mist Spray (MS)
A whisper soft spray to soothe and refresh tired skin.

ProClean™ Spray (PS)
Powerful, high-pressure wide fan spray washes hard-to-reach places.

Fast Massage (FM)
Strong, pulsating spray.

Pause (P)
Reduces water flow to a trickle.

MAKE IT MORE THAN A SHOWER. MAKE IT A REFUGE.

DELTA

DELTA

MAGNA SHOWERING

The complete high-performance showering platform

Softly wrap yourself in serenity

MagnaDrizzle

A precision engineered showerhead that gives you the finest misty rain experience ever, and more. The new MagnaDrizzle multi-function showerhead offers three distinct flows - Drizzle, Dense Drizzle and H_2Okinetic® - delivering a versatile showering experience.

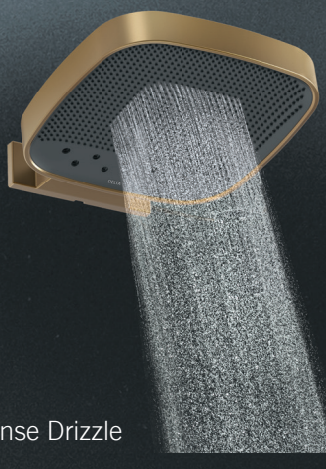

MagnaDrizzle

Multi-Function Showerhead

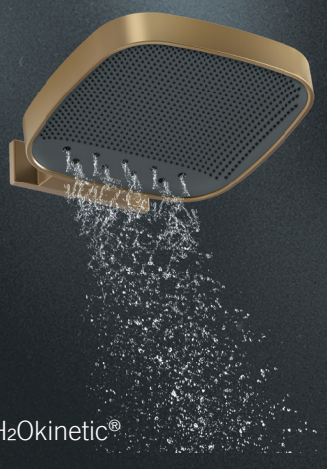

Drizzle

Dense Drizzle

H_2Okinetic®

NEW, UNIQUE ROUNDED SQUARE SHAPE

Gently rounded contours seamlessly blend into a variety of design environments.

FINEST MISTY RAIN EXPERIENCE EVER

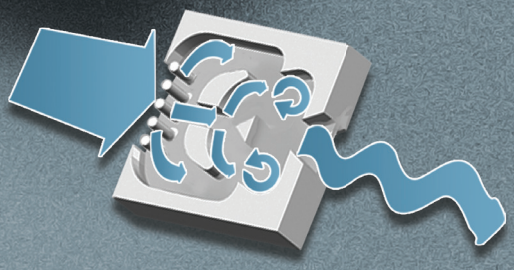

A precision engineered showerhead with high nozzle density in a 371 mm x 371 mm (15" x 15") to bring you the perfect drizzle.

Pore diameter finer than most (which is carefully optimized to prevent clogging) with touch clean technology.

H_2OKINETIC® TECHNOLOGY

Delta's H_2Okinetic® Technology sculpts water into a unique wave pattern that delivers more warmth, intensity, and coverage — while using less water than a standard shower.

The highly engineered chambers (with no moving parts) inside the showerhead sculpt water into a unique wave pattern to save water and handles tough Indian water conditions better.

FINISHES THAT ADD EXCLUSIVITY

Explore endless possibilities with a range of unique finishes.

Make a million droplets dance with your fingertips.

MagnaChoice®

The super flexible, high performance push-button showering system.

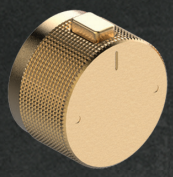

MagnaChoice®

PUSH FOR ON / OFF

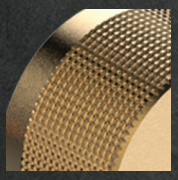

Carefully sized, push buttons in finishes with intuitive icons. Choose from 7 button caps provided for a range of showering functions.

THERMOSTATIC TEMPERATURE CONTROL

Automatically maintains a precise and constant water temperature.

Temperature safety lock to prevent scalding.

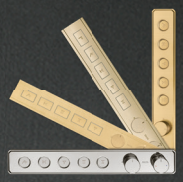

SECURE GRIP

Thoughtfully designed diamond-cut knurled knobs for a secure grip.

SINGLE-PIECE TRIM DESIGN

Ensures dust resistant and hassle-free operation for a long time.

CONVENIENCE OF INSTALLATION

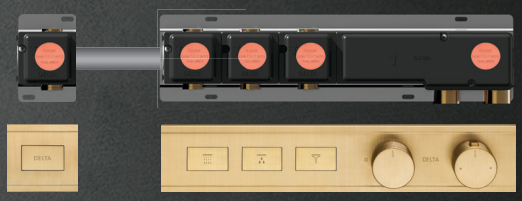

A set of vertically etched button inserts is also available to provide the freedom to install horizontally or vertically.

BEST IN SEGMENT FLOW RATES

Prolific cartridges can meet the flow rate demands of any showering configuration with ease.

FREEDOM TO EXPAND

A one-button product is also available to offer another dimension of freedom - to be able to expand the configuration to include more showering products.

Make a million droplets dance with your fingertips.

INTEGRATED BRACKET FOR ON-WALL INSTALLATION

Metal back plate provides adequate strength to take the load of the entire rough.

Specially designed holes for fasteners for easier adjustments to achieve perfect horizontal installation.

MIN-MAX MARKING FOR ROUGH-IN DEPTH

Error-free installation with visual min-max marking for rough-in depth.

Robust, intuitive design of inlet-outlet placements to ensure error free plumbing. Markings are also engraved on the protective cover.

More flexibility with 25mm rough-in depth range for better adjustability during installation.

ENGINEERED PLASTIC PROTECTIVE GUARD

Robust protection against dust and damage during construction.

Reduces risk of theft and vandalism during construction.

Rectangular shape for easier use of spirit leveler for a perfect horizontal installation

Recyclable material.

SOLID METAL CONSTRUCTION

Brass body for maximum durability.

Thermostatic and push button cartridges have brass tightening nuts for leak proof performance.

Brass check valve for durability and ease of servicing.

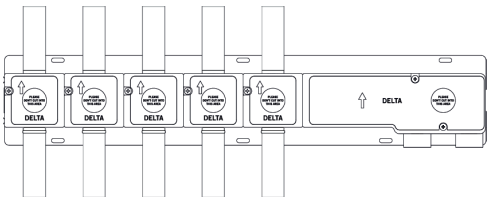

EASY TO INSTALL

Easy to install with standard ¾” inlet & ½” outlet connection.

Pre-installed cartridges, push button sub-assembly and check valves inside the rough.

Freedom to install from top or bottom outlets.

Specially designed holes for fasteners for easier adjustments to achieve perfect vertical installation.

MIN-MAX MARKING FOR ROUGH-IN DEPTH

Error free installation with visual min-max marking for rough-in depth.

Robust, intuitive design of inlet-outlet placements to ensure error free plumbing.

More flexibility with 25mm rough-in depth range for better adjustability during installation.

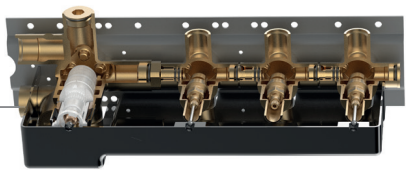

SOLID METAL CONSTRUCTION

Solid brass body for maximum durability.

Thermostatic cartridge have brass tightening nut for leak proof performance.

Volume control cartridges are made of brass with diamond hard ceramic discs for leak proof and long-lasting performance.

Brass check valve for durability and ease of servicing.

ENGINEERED PLASTIC PROTECTIVE GUARD

Robust protection against dust and damage during construction.

Reduces risk of theft and vandalism during construction.

Rectangular shape for easier use of spirit leveler for a perfect vertical installation.

Recyclable material.

EASY TO INSTALL

Easy to install with standard ¾” inlet & ½” outlet connection.

Pre-installed thermostatic, volume control cartridges, and check valves inside the rough.

The right degree of everything

Spin Dway

A refined landscape format delivers powerful performance within a minimal footprint. Thermostatic precision and dual outlets work in quiet harmony to elevate every day showering.

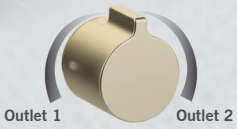

Sleek Compact Landscape Format

Spin Dway

A refined landscape format delivers powerful performance within a minimal footprint. Thermostatic precision and dual outlets work in quiet harmony to elevate every day showering.

SINGLE-PIECE TRIM DESIGN

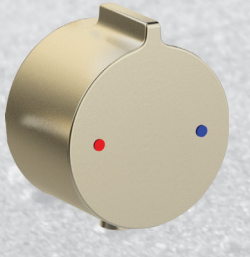

Ensures dust resistant and hassle-free operation for a long time.

120° TURN FOR FLOW AND DIVERTER CONTROL

Precise flow control from zero to full flow with a smooth 120° turn of the knob in either direction.

Thoughtfully designed knob for better grip.

THERMOSTATIC TEMPERATURE CONTROL

Automatically maintains a precise and constant water temperature.

TEMPERATURE SAFETY LOCK

Temperature safety lock in the main knob to prevent scalding.

Push past the ordinary

Choice Dway®

Discover the essence of modern showering with the new premium push button shower mixer from Delta Faucet. A harmonious fusion of advanced engineering and refined design that transforms your daily shower into an indulgent, elevated experience.

Sleek
Compact
Landscape Format

Choice Dway®

A precision engineered push button shower mixer in a sleek, compact size that replaces the clunky push / pull functionality of conventional diverter knobs.

SINGLE-PIECE TRIM DESIGN

Ensures dust resistant and hassle-free operation for a long time.

PUSH FOR ON / OFF

Carefully-sized, push buttons in a range of finishes with intuitive icons. Choose from 4 button caps for a range of showering functions.

TWICE THE INDULGENCE

You also have the advantage of operating two water outlets simultaneously.

CHOICE OF HANDLES

Precision-crafted wheel handle with a sophisticated faceted edge to give you a firm grip even with wet hands.

The iconic sculpted lever handle, enhanced with intricate knurling for effortless grip and smooth operation.

LIFT AND TURN FOR FLOW AND TEMPERATURE CONTROL

Single handle operation for precise flow and temperature control.

Lift the handle for flow control from zero to full flow.

Rotate clockwise / anti-clockwise for precise temperature control.

Robust
Leak-proof
Easy Installation

INTEGRATED BRACKET FOR ON-WALL INSTALLATION

Provides adequate strength to take the load of the entire rough.

Specially designed fastener holes for easier adjustments to achieve perfect horizontal installation.

MIN-MAX MARKING FOR ROUGH-IN DEPTH

Error-free installation with visual min-max marking for rough-in depth.

ENGINEERED PLASTIC PROTECTIVE GUARD

Robust protection against dust and damage during construction.

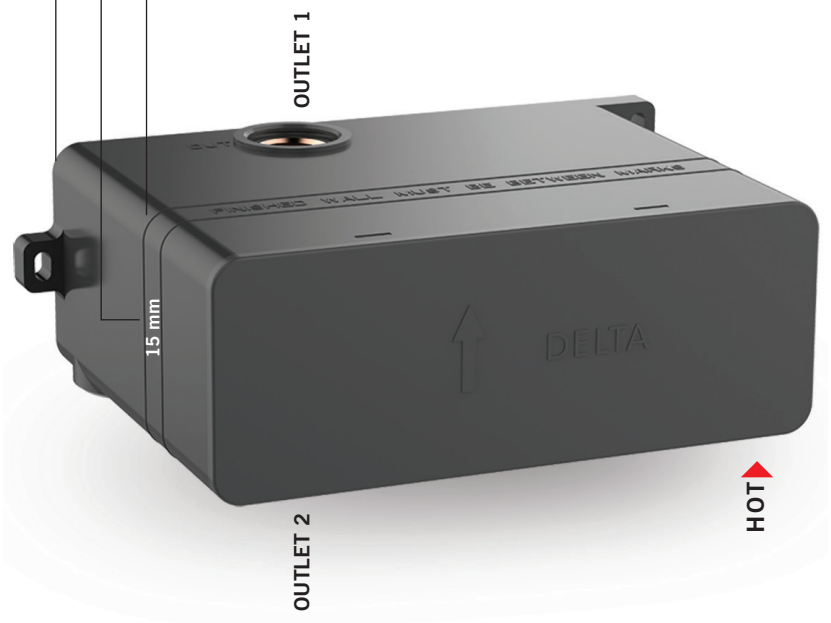

Reduces risk of theft and vandalism during construction.

Rectangular shape for easier use of spirit leveler for a perfect horizontal installation.

Recyclable material.

BEST IN SEGMENT FLOW RATES

Prolific cartridges can meet the flow rate demands of any showering configuration with ease.

SOLID METAL CONSTRUCTION

Single piece brass body for maximum durability.

35mm cartridge with diamond hard ceramic discs delivers leak-free performance for years.

Ceramic and push button cartridges have brass tightening nuts for leak proof performance.

EASY TO INSTALL

Easy to install with standard ½” inlet & ½” outlet connection.

Pre-installed cartridges and push button sub-assembly inside the rough.

LED LIGHTS *are* POWERED BY WATER

No batteries or hard-wiring required.
Automatically turn on and off with the
flow of water.

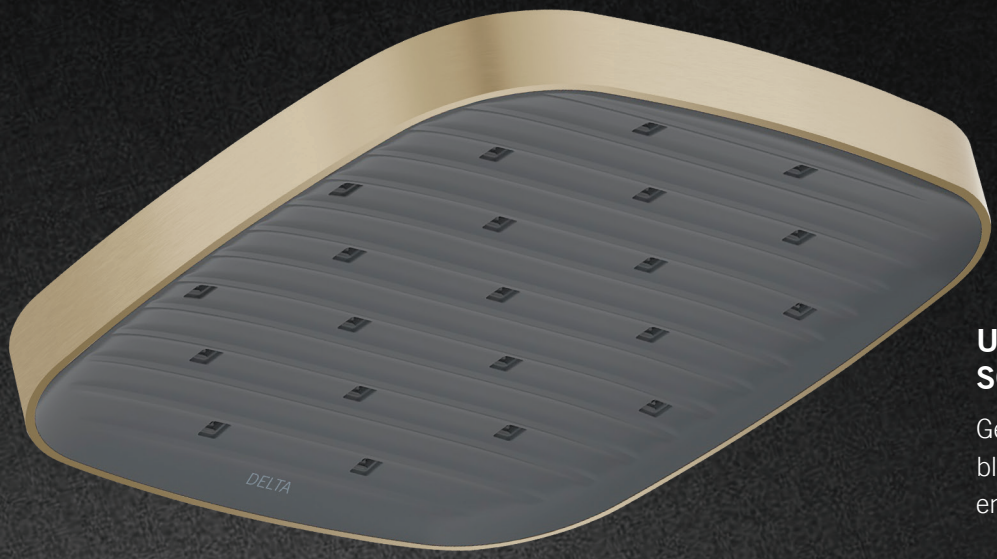

Drench yourself in mindful abundance

Nuvola

The Nuvola with H_2Okinetic® Technology redefines the art of showering. By sculpting each droplet into rhythmic, dimensional waves, it creates an experience that is fuller and remarkably indulgent while mindfully conserving water. Its PowerDrench spray envelops you completely, leaving you fully invigorated.

Discover a showering experience unlike any other.

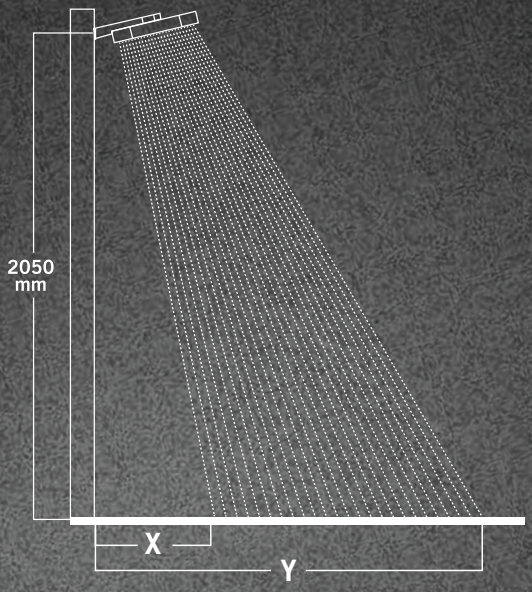

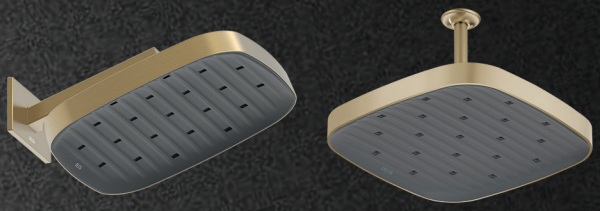

UNIQUE ROUNDED SQUARE SHAPE

Gently rounded contours seamlessly blend into a variety of design environments.

SCULPTED RIDGES

Sculpted ridges in Nuvola 330mm brings a play of light and shadow, giving the showerhead depth and dimension.

WALL MOUNT OR CEILING MOUNT

Flexibility to install on-wall with wall mount showerarm or on-ceiling with any standard ceiling mount showerarm.

Specially designed wall mount showerarm to provide adequate strength to take the load of the entire showerhead.

BEST IN SEGMENT PROJECTED SPRAY REACH (mm)

Optimal length of Nuvola 330 & Nuvola 250 Wall Mount showerarm with 20° to 36° vertical angle adjustment, delivers the following projected spray reach:

Showerhead	X	Y
Nuvola 330	250	1800
Nuvola 250	300	1600

Multi-Function H_2Okinetic® Handshower with Mist Spray

The gentle mist handshower spray soothes and refreshes tired skin

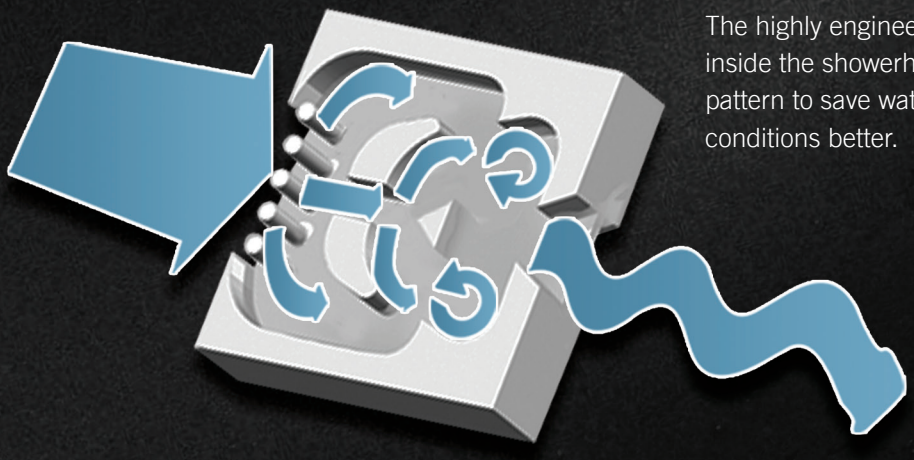

Feeling of more water without using more water.

H_2Okinetic® Technology

All Nuvola showerheads and the handshower are equipped with H_2Okinetic® Technology.

Delta's H_2Okinetic® Technology sculpts water into a unique wave pattern that delivers more warmth, intensity, and coverage — while using less water than a standard shower.

The highly engineered chambers (with no moving parts) inside the showerhead sculpt water into a unique wave pattern to save water and handles tough Indian water conditions better.

The oscillating pattern of the water also prevents build-up of mineral deposits, making the H_2Okinetic® spray chambers self-cleaning.

Shower Filter Replacement
Cartridge (Pack of 2)
5RC100

CARE AT EVERY DROP

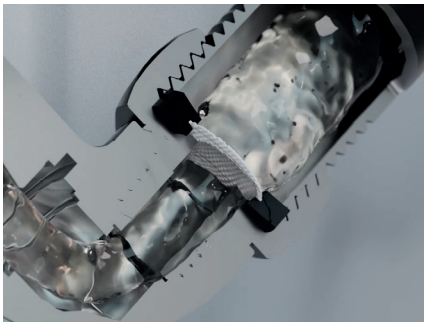

Healthy hair and skin begins with improved water.

Reduces chlorine, heavy metals, and odors, improving water quality for healthier skin and hair.

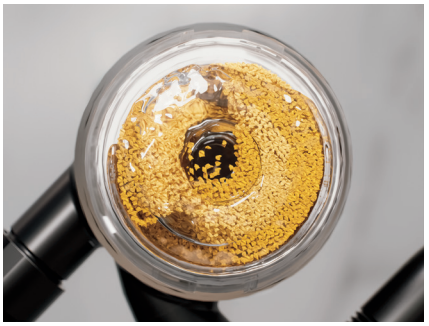

Instant Upgrade for Your Skin & Hair

Instantly upgrade your shower to reduce chlorine and sediment in your shower water that may cause dry skin and hair.

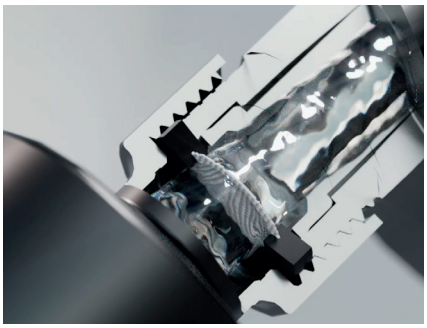

Stage 1: Pre-Filter

The pre-filter prevents clogging and is the first stage of the Clarifi™ Shower Filter.

Stage 2: Reduces Chlorine

The unique filter design reduces chlorine in your shower water.

Stage 3: Reduces Sediment

The final stage of filtration consists of a mesh filter that reduces residual sediment.

Patented Design

Patented design elevates the shower head and limits intrusion into the shower space.

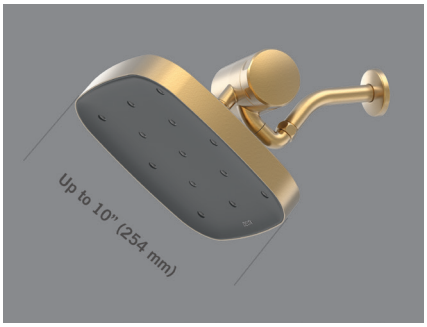

Quick and Easy to Install

Shower Filter Attachment simply attaches between your current showerhead and standard shower arm (G½" connection).

Quick Filter Changes

Easy ¼ turn removable cap lets you replace the filter cartridge without removing the shower head - all in under two minutes.

Showerhead Size and Water Pressure

Design to use with max 10" size showerhead; minimum 3 bar dynamic pressure for optimal performance.

6-Month Filter Life

Filter replacement needed around every 6 months (37,850-liters).

KITCHEN
FAUCETS

THOUGHTFUL INNOVATION. LASTING DESIGN.

We don’t just fill pots. We fill needs.
Whether we’re designing a new product style or a new technology, our goal is the same; to make a real difference in the lives of those who welcome us into their kitchens.

LUMICOAT™ FINISHES

Resist water spots, stays clean longer.

Delta® Lumicoat™ Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resists water spots and stays cleaner longer; so your faucet stays beautiful for years.

With Lumicoat™ Finish

Without Lumicoat™ Finish

SHIELDSPRAY® TECHNOLOGY

Power off the mess without making a mess.

ShieldSpray® Technology cleans with laser like precision while containing mess and splatter. A concentrated jet within a protective sphere of water powers away stubborn residue with upto 90% less splatter than a standard spray. So, you can spend less time soaking or scrubbing.

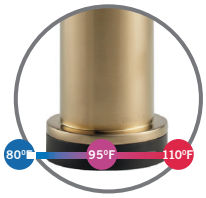

TOUCH$_2$O® TECHNOLOGY

Touch it on. Touch it off.

Delta® Touch$_2$O® Technology makes kitchen tasks easy. Simply touch anywhere on the spout or handle with your wrist or forearm to start or stop the flow of water.

Tempsense LED Light changes color as water temperature changes

TOUCH$_2$O® WITH TOUCHLESS™ TECHNOLOGY

Touch it on, touch it off or go completely hands free

Delta® Touch$_2$O® with Touchless™ faucets help keep germs and mess off your kitchen faucet and provides easy water control 3 ways: simply place your hand near the faucet, tap the faucet surface, or use standard handle activation.

PROCLEAN™ SPRAY

Easily clean hard-to-reach places and dishes.

ProClean™ Kitchen Spray wand provides a powerful, wide fan spray for quick and complete cleaning. Easily clean hard-to-reach places, help remove baked on messes and spray down your sink faster as the wide stream covers more surface area.

MULTIFLOW TECHNOLOGY

Flow faster. Fill faster.

With a simple touch of the toggle, MultiFlow Technology allows you to switch between Soft Stream, Powerful Spray and ShieldSpray with a backflow protection.

MAGNATITE® DOCKING

Keeps pull-down spray wands securely in place.

Uses a powerful integrated magnet to snap your faucet spray wand precisely into place and hold it there so it stays docked when not in use and doesn't droop over time.

FLEXIBLE FLOW SPOUT WITH MULTIFLOW

Flow faster. Fill faster.

The flexible spout tips offer adjustability of water flow in any direction – up to 40^0 for kitchen faucets. Now, you can direct the water flow exactly where you need it.

Power off the mess without
making a mess.

PULL-DOWN

KITCHEN FAUCETS

Delta pull-down kitchen faucets with a retractable hose and a multi-flow spray wand allows you to reach every corner of kitchen sink and make everyday tasks easier, quicker. Available in a variety of styles and finishes that complement any type of kitchen décor.
