Drench yourself in mindful abundance

Nuvola 330

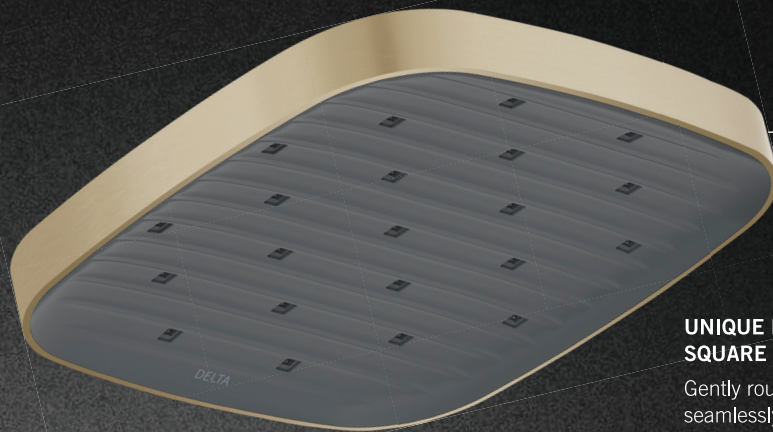

Drench yourself in mindful abundance

The Nuvola Series with H₂Okinetic® Technology redefines the art of showering. By sculpting each droplet into rhythmic, dimensional waves, it creates an experience that is fuller and remarkably indulgent while mindfully conserving water. Its PowerDrench spray envelops you completely, leaving you fully invigorated.

Nuvola 330 Showerhead

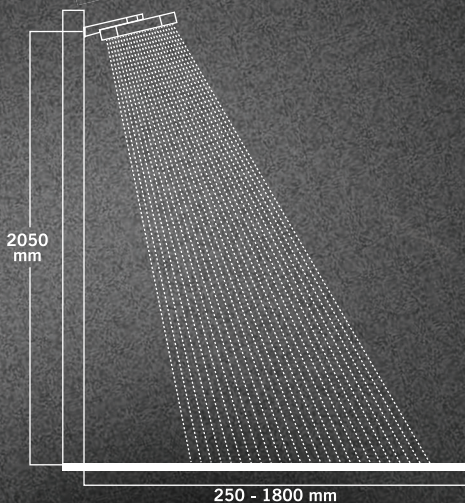

Feeling of more water without using more water.

UNIQUE ROUNDED SQUARE SHAPE

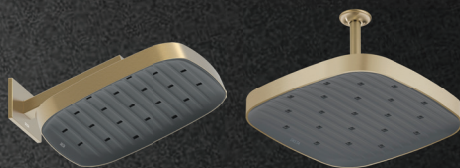

Gently rounded contours seamlessly blend into a variety of design environments.

Sculpted ridges bring a play of light and shadow, giving the showerhead depth and dimension.

BEST IN SEGMENT PROJECTED SPRAY REACH

Optimal length of wall mount showerarm with 20° to 36° vertical angle adjustment to provide best in segment projected spray reach of 250mm to 1800mm.

WALL MOUNT OR CEILING MOUNT

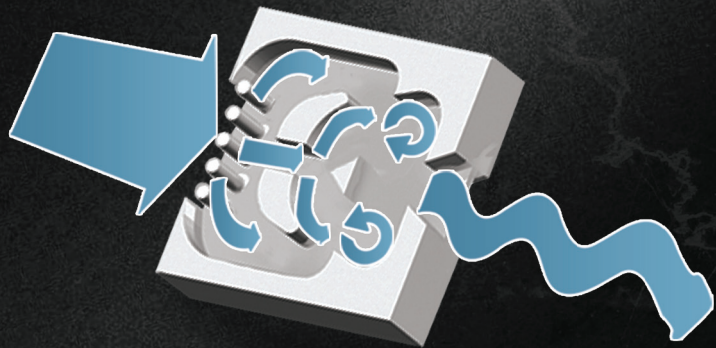

Flexibility to install on-wall with wall mount showerarm or on-ceiling with any standard ceiling mount showerarm.

Specially designed wall mount showerarm to provide adequate strength to take the load of the entire showerhead.

H₂OKINETIC® TECHNOLOGY

Delta's H₂Okinetic® Technology sculpts water into a unique wave pattern that delivers more warmth, intensity, and coverage — while using less water than a standard shower.

The highly engineered chambers (with no moving parts) inside the showerhead sculpt water into a unique wave pattern to save water and handles tough Indian water conditions better.

The oscillating pattern of the water also prevents build-up of mineral deposits, making the H₂Okinetic® spray chambers self-cleaning.

Discover a showering
experience unlike any other.

FINISHES THAT ADD EXCLUSIVITY

Explore endless possibilities with a range of unique finishes.
