We Believe Every Scent Holds a Story

At **The Frosted Candle**, we believe a candle is more than wax and fragrance. It is a feeling, a memory, a moment of calm—and sometimes, a little escape from the everyday.

Born in India, our journey began with a simple idea: **to turn ordinary spaces into memorable experiences through beautiful fragrances.**

Every candle we create is thoughtfully crafted with premium soy wax, carefully selected fragrances, and cotton wicks. From the first light to the final glow, we focus on creating candles that look beautiful, burn beautifully, and most importantly, make you feel something.

Our fragrances are inspired by moments and emotions—the freshness of a morning bloom, the warmth of woods, the richness of oud, the calm of lavender, and the comfort of familiar memories.

Crafted With Intention

We believe luxury doesn't have to be complicated.

It can be found in a beautifully blended fragrance, a gentle flame, a thoughtfully designed candle, or those few quiet minutes you take for yourself.

That is why every **The Frosted Candle** is made with attention to detail—from fragrance selection and wax blending to pouring, finishing, and packaging.

More Than a Candle

Our goal is simple:

Create fragrances that become part of your memories.

Whether you're lighting a candle after a long day, setting the mood for a special evening, decorating your home, or gifting someone you love, we want every The Frosted Candle experience to feel special.

Because people may forget what they bought,
but they remember **how it made them feel.**

The Frosted Candle

Light a fragrance.

Create a moment.

Keep the memory.

Certifications

ISO 9001:2015

Naturesgrove LLP has been awarded the ISO 9001:2015 certification for its Quality Management System (QMS). This internationally recognized standard affirms our company's commitment to delivering high-quality products and services through systematic processes, consistent improvement, and customer satisfaction. Achieving ISO 9001:2015 demonstrates Naturesgrove LLP's dedication to maintaining excellence in every aspect of our operations - from procurement and production to delivery and customer support. This certification reflects our focus on strong leadership, risk-based thinking, and a culture of continuous enhancement, ensuring that we meet global quality standards while fostering trust and reliability among our clients and partners.

ZED Bronze Certification

Naturesgrove LLP is proud to announce that it has been awarded the ZED Bronze Certification under the Government of India's Zero Defect Zero Effect (ZED) initiative. This prestigious recognition reflects our company's unwavering commitment to quality, sustainability, and operational excellence. The ZED Bronze certification acknowledges Naturesgrove LLP's adherence to world-class manufacturing practices, efficient resource utilization, and environmentally responsible processes. By achieving this milestone, we have demonstrated our dedication to continuous improvement, ensuring that our products and services not only meet but exceed customer expectations while minimizing environmental impact. This certification marks a significant step in our journey toward building a sustainable and globally competitive enterprise.
