

## Hands-on Activities

18 months to 3 years

### Moves on a Straight Line

#### Materials Required

Masking Tape

#### How To Make

1

Draw or place a masking tape on the ground as straight lines (make 2-3 lines).

2

Let your child walk on these lines to reach the ball on the other end.

3

Once the child picks up the ball, then encourage the child to walk back on the line.
