

## Learning Objectives:

Language: to reinforce phonemic awareness

Materials Needed: Printout of this sheet, old bottle caps, permanent markers, sieve

## What to do?

- Write any small letters from a-z on small bottle caps using the permanent markers and drop them in a bowl of water.
- Laminate the sheet with circles for repeated use
- Write a-z on that sheet inside the circles
- Tell the child that he has to go fishing for letters
- Show the child how to go fishing for letters using the sieve
- Whatever he fishes out from the bowl, he can match with the letters on the laminated sheet
- Get the child to count the number of letters he fishes out on every try
- Ensure that you write letters, the child needs more practice in
- Continue the game till all the letters are paired

## Happy Fishing!

Fish for the letters and pair them with the letters on the sheet!
