

Junior Fun Activities

3 to 5 Years

Let's **MATCH** them up

Materials Required

- 1 9-10 pairs of clean washed socks
- 2 4-5 pairs of cutleries (spoons, forks, butter knives - all two of a kind)
- 3 Different plastic bottles with their caps

Objective

- To develop matching skills
- To develop fine motor skills.

Let's play

What to do?

1 Sock activity

- Mix up all the pairs of socks in a bag.
- Allow the child to empty the bag of socks on the carpet/bed.
- Show him/her how to pair up the socks (put one inside the other).
- Continue activity until all socks have been paired.

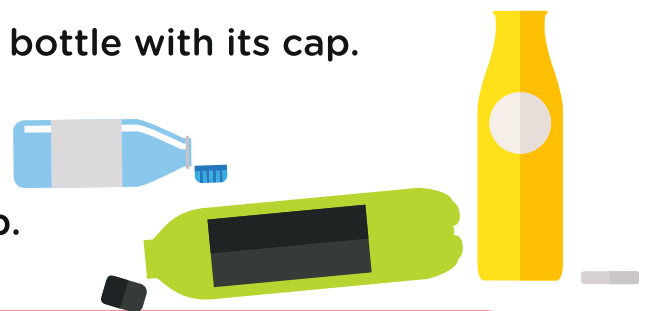

2 Activity with Cutlery

- Mix up all the items of cutlery.
- Show the child how to pair up two of the same kind.
- Allow the child to take over.
- Encourage him/her to complete the activity till all items are paired.

3 Plastic bottles and caps

- Keep at least 6-7 different empty bottles with their caps removed.
- Give a demo of how to pair the right bottle with its cap.
- Allow the child to take over.
- Encourage the child to screw the cap.

Note: Keep all the materials needed in a state of readiness else the child might lose interest and walk away.
