

Junior Fun Activities

3 to 5 Years

SHAPE TRANSPORT

● Learning Objectives

- Reinforcement of shapes.
- Fine motor skill development.
- Honing of spatial intelligence.
- Honing of creativity.

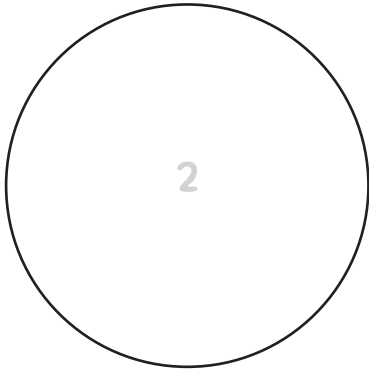

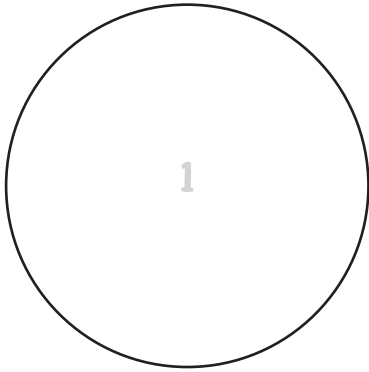

● Materials Needed

- Outlines of Shapes
- Crayons
- Child-friendly scissors
- Glue

● What to do?

- Take a printout of page 2 or draw the same shapes and let the child color those.
- Let the child cut them out using scissors under parent supervision.
- Alternatively, you could also help the child to draw these shapes on coloured paper and cut them.
- On another sheet of white or coloured paper, ask the child to paste the shapes as shown in the image to form an engine.
- Click a picture of the finished craft and share that with us.

Let's create!

The finished craft will look like this
