

Junior Fun Activities

3 to 5 Years

MEMORY GAME

● Learning Objectives

- To develop observation skills and memory.

● Materials Needed

- A tray filled with miscellaneous but common objects found in the house.
- A paper and pencil

● What to do?

- Fill a tray with familiar objects.
- Number of objects will depend on the age of the child.
- Show the objects to the child for one full minute and then cover it with a cloth.
- Ask the child to name as many objects he/she can remember. (Give one minute's time.)
