

Senior Fun Activities

5 to 10 Years

SHAPE TRANSPORT

● Learning Objectives

- Reinforcement of shapes.
- Fine motor skill development.
- Honing of spatial intelligence.
- Honing of creativity.

● Materials Needed

- Outlines of Shapes
- Crayons
- Child-friendly scissors
- Glue

● What to do?

- Color the shapes given on page 2 or draw the shapes and color.
- Cut them out using scissors.
- Alternatively, you could also draw these shapes on coloured paper and cut them.
- On another sheet of white or coloured paper, paste the shapes as shown in the image to form an engine.
- Feel free to form any other transport related image using your creativity with these shapes.
- Click a picture of your finished craft and share that with us.

Let's create!

The finished craft can look like this
