5 to 10 Years

### YOUR OWN READING CORNER

Reading is such a fun activity and has many benefits. This activity must become a habit. Before that let us create our own cozy reading corner in our homes.

#### What to do?

- Choose a corner in your home which will be well-lit during the day and night.
- Collect colourful cushions and mats and decorate the place.
- If you have a book shelf, use it to enclose your corner to make it even more cozy.
- Make your own book shelf using old cartons or shoe boxes to keep your favourite books.
- You could also use some plants to add some greenery.
- Lo and behold! Your own cozy reading corner is ready!
- Now make sure you sit there and read every day.
