

Senior Fun Activities 5 to 10 Years

JIGSAW CHALLENGE

Learning Objectives

- To develop fine motor skills.
- To enhance logical thinking skills.

Materials Needed

- A cardboard
- A painting or drawing made by the child or a cutout from magazine/newspaper
- Markers or sketch pens
- Glue
- Scissors

What to do?

- Choose a picture to make the puzzle.
- The picture can be a magazine or newspaper cutting, or a drawing or painting made by the child.
- Paste the picture to any cardboard. (Try to recycle an old box.)
- Decide on how many pieces you want the puzzle to be.
- Turn the cardboard over and make your lines for cutting the cardboard.
- Cut along those lines on the backside of the picture. Parent to please help, if needed.
- Before removing the cut pieces, you may number them in a line just in case you have difficulty in solving the puzzle.

**NOW SOLVE THE PUZZLE
KEEPING THE CORRECT SIDE UP.**
