

Hands-on Activities

2 to 3 Years

BUBBLE PLAY

PARENT-LED
ACTIVITY

● Learning Objectives

- To build visual tracking skills.
- To enhance speaking skills.

● Materials Needed

- Baby friendly soap solution
- Bubble maker

● What to do?

- Make a bubble solution using baby friendly soap solution.
- Blow bubbles into the air and let the child catch them.

PLAYING TIP :

Dear parent, encourage the child to observe where the bubbles go. You can ask them if bubbles are big or small. You can also give them directions on how to pop the bubbles like poking, squeezing and clapping them. Continue this activity till their interest lasts.
