

Hands-on Activities

2 to 3 Years

WATCHING ANTS

PARENT-LED
ACTIVITY

● Learning Objectives

- To build curiosity in children.
- To enhance observation skills.

● Materials Needed

- A4 sheet with letter A written in double lines
- Honey

● What to do?

- The parent may draw the letter A on a paper.
- You can help the child put honey only on the outline of the letter and leave it out at a place where ants may visit.
- The child to observe that the ants love honey when they see the ants on the outline of letter A.

PLAYING TIP :

Dear parent, your supervision is required to ensure that the child doesn't touch the ants.
