

3 month program
2.5 - 4 years

SCHOOL READINESS PROGRAM

Ease your child's transition
into a new schooling year

Is your child attending school for the first time? Or has your child had a learning break last year? Worry not! To enable a smooth transition from home to physical/online classrooms for the next academic year KLAY introduces a School Readiness program for children in the age group of 2.5 to 4 years. The intent of the program is to prepare the child socially emotionally and cognitively for classroom learning. Through hands-on and play way learning children we will develop the below school readiness skills to ensure that the transition from home to the school environment is smooth and stress free

The program envisages to

help them develop– **their social, emotional skills, physical skills, communication skills and cognitive skills**

equip the child with the **knowledge, skills and behaviours** that will enable children to participate and succeed in school

We will focus on four dimensions as below

Key milestones of the program

- ★ **Personal Social, Emotional, and Personal development** - such as being able to establish a routine, empathize with others, pay attention, cooperate and follow directions, work independently, etc
- ★ **Early language, skills:** such as being able to talk, listen, and understand to communicate
- ★ **Early Literacy skills:** 18 sound-letter associations, phonological awareness activities, fine motor activities, pre-writing skills
- ★ **Early Math and Logic skills** - understand concepts like numbers, shapes, and how objects are related to each other

March 2021

A child's early years are the foundation for the child's future development. A strong foundation provides a strong base for lifelong learning, facilitating learning abilities; including cognitive, emotional and social development. Well-established research emphasizes the importance of early childhood education as an essential building block of a child's future success.

Wishing you and your child a productive three months of preparatory learning! Do feel free to get in touch in case of any queries.
