Swachh Pledge

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.
Mahatma Gandhi secured freedom for Mother India.
Now it is our duty to serve Mother India by keeping the country neat and clean.
I take this pledge that I will remain committed towards cleanliness and devote time for this.
I will devote I00 hours per year, which is two hours per week, to voluntarily work for cleanliness.
I will neither litter nor let others litter.
I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.
I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.
With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.
I will encourage 100 other persons to take this pledge which I am taking today.
I will endeavour to make them devote their 100 hours for cleanliness.
I am confident that every step I take towards cleanliness will help in making my country clean.

Pledge to Segregate

I pledge to segregate my (household, shop, establishment) waste in two dustbins, wet waste in Green and dry waste in Blue, as my contribution to the Swachh Bharat Mission.

1. **Message from Hon'ble Chancellor**

It gives me immense pleasure to cordially welcome all to Adamas University, Barasat, Kolkata.

Adamas University was established under The Adamas University Act, 2014 of West Bengal. It has rapidly emerged as an epicentre of international learning. The 10 schools of the University constitute its pillars which provide multi-dimensional educational facilities to the students through a platform of outcome-based learning. It is a young and dynamic institution whose national eminence is testified through its recognition as the Best Private University in West Bengal by Indian Institutional Ranking Framework (IIRF). Adamas has also established its niche in the realm of international higher education through the 85 MoUs that it has signed with 43 countries, 35 of which were concluded in one single academic year. It collaborates with leading international institutions to facilitate global production and dissemination of knowledge.

Since its inception, Adamas University successfully crossed many hurdles to pursue its goals and objectives. The academic year 2023-24 was one of outstanding research attainments of our academic colleagues, as evident from the following figures: Research publications more than 1600; Research Patents filed and published / granted: 05, Copyright filed and granted: 05, Research Citation: 5000+, H index of University: 36; Sanctioned Research Projects (Government funded): Rs. 2.72Crore (DST, SERB, DRDO, ICMR and DAE) during this year, while during the last five years the research grant received from various Government agencies comes to Rs. 11.0 Cr. The university has five functional research centres and another five are in the pipeline. During the last six years, 34 students have been awarded Ph.D. degree, 20 of which were awarded this year itself.

We look forward to consolidate our current attainments and take Adamas to new heights of excellence. Our aim is to make Adamas University a 24×7 active and happening campus with varied student-faculty engagement programmes. We strive to promote holistic development of students so that they can be constructive members of the civil society. Within a span of few years Adamas University has certainly emerged as a centre of excellence. The journey has not always been smooth, but it has remained

progressive in nature. I am confident that with our united efforts we can make Adamas as one of the leading institutions of higher learning. You are all invited to join this collaborative mission.

Prof. Samit Ray
Hon'ble Chancellor, Adamas University

2. **Message from Hon'ble Vice Chancellor**

Welcome to Adamas University. Academic excellence and student experience are our top priorities.

Adamas offers an awful lot - innovation is at our core. It has a truly global outlook - and it's still rooted in the Indian ethos. A 120-acre lush-green campus is always thrumming with energy; great sporting facilities and infrastructure and endless co-curricular activities. We boast a number of state and national level sportspersons as students of Adamas. We ensure a quality of life that can rival many international universities. We are among select Indian universities with QS E-LEAD certification awarded for excellence in online blended teaching learning.

We are presently undergoing organisational re-structuring to optimise efficiency in all round operation by creating a decentralised structure and empowering the faculty, staff and administration to allow them to act as entrepreneurs and innovators in the education space for the benefit of AU students and other stakeholders. Long range academic plans are being devised that would lead to innovation and holistic

student experience. We would like to improve both the quantity and the quality of research by Faculty - bringing in a better research culture. An Internal Quality Assurance Framework (IQAF) has been developed for benchmarking and continuous improvement. Adamas would also like to reach out to the community in general and bring about a sustainable improvement to lives. Adamas will be one of the most sought-after universities in next few years.

A student, irrespective of their chosen discipline, will be part of interdisciplinary project-based learning, which is unique. A bouquet of many futuristic undergraduate specialised programs like AI-ML, Cyber Forensics, Blockchain technology etc. have been introduced. We have also introduced a wide range of 'Minors' – microbiology to music – an opportunity to sharpen the skills which matter the most to you. And you never know – passion can turn into profession. We aim to build well-rounded human-beings more than industry professionals - we mandate community service, as well.

I don't think education can make you a master of all trades - but we offer education plus (#educationPlus) at Adamas University to teach you how to learn. We tend to stay ahead of the curve by introducing industry endorsed content, innovative pedagogy and progressive assessment approach. Ambition is a bitter pill, so we equip people with values and insightfulness. The world is ruthless, and there's no way around it - so we teach people how to be adaptable. We're building knowledge-hungry professionals willing to make a change - the Product Development and Innovation Department continuously strives to bring innovative practices in both academic and allied areas. Online blended learning (asynchronous learning), research & incubation focus and outcomes-based education system are some of the key drivers that make sure that Adamas graduates have a competitive edge.

Professor Suranjan Das

Hon'ble Vice-Chancellor, Adamas University

3. <u>About the Adamas University</u>

Adamas University has been established by Sachis Kiran Roy Memorial Trust **(SKRMT)** (under the West Bengal Act IV of 2014) passed by the West Bengal Legislature and approved by the Governor. The

provisions of the **Adamas University Act, 2014**, have come into effect from 11th April 2014, through a gazette notification issued by the Govt. of West Bengal on the same day.

The parent organization, the **RICE Group** will also continue to contribute to shaping the destiny of the youth of West Bengal pursuing their studies in Adamas University.
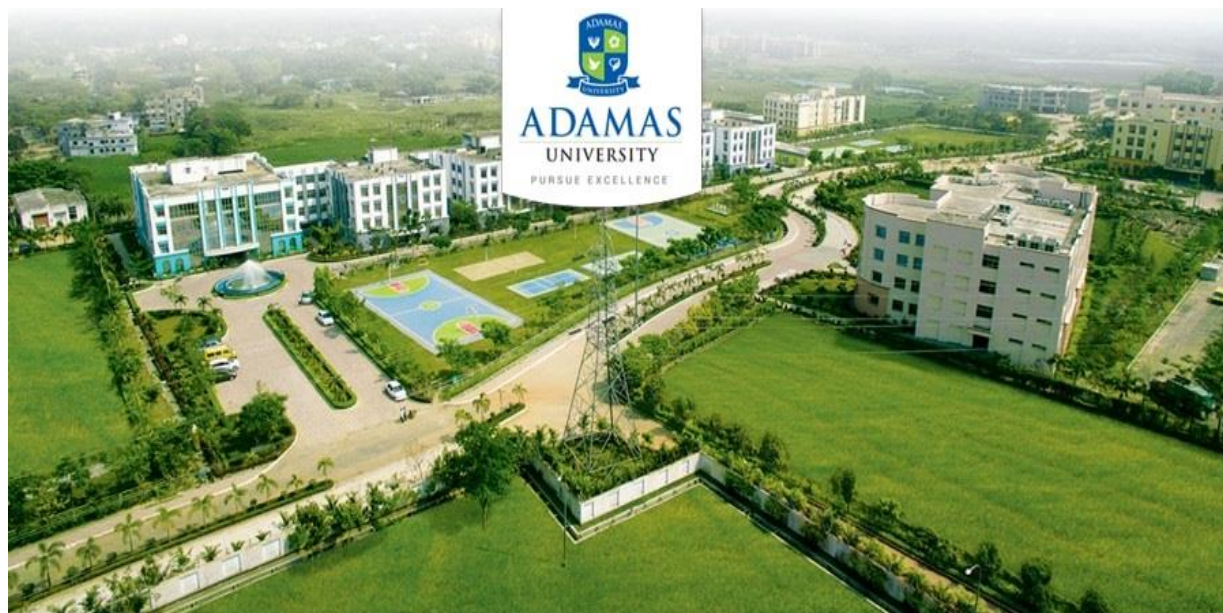

Adamas University, with a sprawling green campus extending over 120 acres, nestled in Barasat (13 kms from the Subash Chandra Bose International Airport Kolkata), and in its 9 [th] year of operations, aspires to impart the finest quality education to the young minds of West Bengal, with an already established high quality research facility and a powerful team of teachers.

Adamas Foundation is focused on integrated development of the areas around the University, which falls in the Barasat Sadar subdivision.

The focus of the foundation is to improve Human Development Index (HDI) of the area, by focusing on health and healthcare, education and improved standards of living. The focus is on having a balanced development which is a combination of multiple interventions in education (Anganwadis and primary), healthcare (primary), access (infrastructure, water and legal help), readiness (skill development) and related areas.

The University has undertaken many international initiatives by collaborating with industries and educational institutes to facilitate projects, research and student exchange programs. Currently, in its 9th year, the campus has 5400+ students. The University has been established with the vision of providing quality education to students to help them become professionally competent as well as academically knowledgeable.

Providing opportunities for individuals to learn and grow in their careers is essential and as well as preparing them for their growth and developing them as thorough professionals. At our Adamas Center for Professional Studies is more than happy to provide these developmental programs to every individual who wants to chase their dreams.

While the system of imparting education will be flexible and multidisciplinary, with state-of the-art and interactive pedagogy, the University is expected to gradually grow to accommodate other areas of studies, such as Biological Sciences, Earth Sciences, Visual & Fine Arts and different branches of Medical Sciences.

4. <u>**Major Achievements of Adamas University**</u>

Over the years the University has achieved a number of milestones and has won quite a number of awards and accolades. Some are listed below.

Best Private University in West Bengal, 2021 by the Indian Institutional Ranking Framework

Best University in Research & Innovative Learning by News18 Bangla at the Education Eminence 2021 Awards

Best University in Employability & University Connect by Zee24Ghanta at the Education Excellence 2021 Awards

Best Infrastructure and Innovative Learning in East and Northeast India by Zee24Ghanta Education Excellence 2020.

One of only two universities in East India to have received the prestigious E-Learning Excellence for Academic Digitisation Certification from QS.

5. Convocation

Convocation is one of the most important of ceremonies in the life of a college student. It marks the completion of an academic life – when the student leaves the sheltered world of academics and steps into the world outside. Since the passing out of the first batch of students, Adamas University has held its Convocation every year.

7th Convocation of Adamas University

The 7th Convocation of Adamas University was held on 9th February, 2024 in the presence Mr. Kailash Satyarthi, Nobel Peace Laureate as Chief Guest.

Mr. Kailash Satyarthi, a prominent social reformer and Nobel Peace Laureate, stands out as an exceptional leader and an unwavering advocate for the marginalized and voiceless. In 2014, he was honoured with the Nobel Peace Prize for his tireless crusade against the oppression of children and youth, and his unwavering commitment to ensuring every child's right to education. With Satyarthi Movement for Global Compassion, he exemplifies a life guided by compassion, setting an unmatched standard in the field of social reforms. Through his courageous and persistent advocacy, he has played a pivotal role in shaping ground-breaking legislations worldwide, with the aim of eradicating violence against the powerless. His remarkable efforts have left an indelible mark on the path to a more equitable and just society.

Through his organization, Bachpan Bachao Andolan, Mr. Satyarthi has liberated more than 100,000 children from child labour, slavery, trafficking and other forms of exploitation and developed a successful model for their education, rehabilitation and reintegration into the mainstream society. The Global March Against Child Labor, which he led, galvanized support in 103 countries resulting in the adoption of ILO Convention 182 on the Worst Forms of Child Labor, which went on to become the only universally ratified convention in the history of the ILO.

He is also the founding president of the Global Campaign for Education, an exemplar civil society movement working to end the global education crisis. He successfully spearheaded a countrywide movement to make education a Constitutional Provision which subsequently paved the way for the Right to Free and Compulsory Education in India in 2009. Mr Satyarthi is credited for establishing GoodWeave International (previously known as Rugmark), a first of its kind certification and social labelling mechanism for child labour free carpets in South Asia. He has worked to advance ethical business practices, to help businesses liberate their supply chains from child labour.

6. Academic Programmes in Year 2023-24

Adamas University has designed all instructional models and curricula to facilitate integrated vocational and academic skill development or support the complex life-work-education balance - where the students experience life's realities and are able to make some sense of what they are about to face in the real world. A system where the student is able to pursue some form of real work and is able to learn simultaneously, would exponentially build their skills and enhance their market value.

13.   Placements

Adamas University is part of the RICE Group, which has been playing a pioneering role in education over the last 40 years under the able guidance of eminent educationist and visionary leader, Prof. Samit Ray. This group has been practicing and professing all forms of providing education and training to students and quite successfully carrying out the responsibilities

in these years. The Chairman, himself a teacher, has a vision to create a place 'from Play School to Ph.D.', not forgetting his enviable contribution to professional coaching.

The purpose and goal of Adamas University is to narrow down the widening gap between the University's educational curricula and the knowledge and skill requirements of industries, sectorial industrial development and the country's economic growth. The University's motto is therefore expressed in 'Creativity, Innovation and Technological leap'.

14. Research Activity (AY 2023-24)

Introduction

The central Research & Development (R&D) office/unit, setup in 2020 provides specialized administrative and research support for the operation of various research-related activities of the University, that include, Ph.D. program, Sponsored Research Projects, Seed funding, specialised research centre activities and other related R&D activities.

The main objectives of R&D unit include:
- To identify areas where research evidence could make the most difference
- To ensure that existing research facilities are used optimally
- To facilitate quality research and consultancy in novel areas
- Patent filing and day-to-day R&D activity monitoring
- Quality checks on research and development

The main functions of the R&D Wing/Unit include research, administrative and accounting support for:

- Matters related to Ph.D including admission, administration and evaluation of all Ph.D. program
- Sponsored Research Projects
- University Seed-funded projects
- R&D related MoU's and agreement
- Start-up Research Grant for new faculty members
- Recruitment of Project staff
- Intellectual Property Rights (IPR)

Activities carried out under R&D Wing

Major R&D Activities include research/academic, administrative and accounting support for:
- Admission to Ph.D. course
- Constitution of IQEER (Internal Quality Enhancement and Excellence in Research) for quality maintenance of Research activities.
- Constitution of Faculty Research Ethics committee
- Constitution of University Research Ethics committee
- Up gradation and maintenance of Ph.D. regulation/ordinance.
- Management of Ph.D. students, their regulations and evaluation
- Assistantship to Ph.D. students
- Organizing University Research Committee Meetings
- Submission of New Sponsored Research Project Proposals to funding Agency
- Appointment of PI for Internally Sponsored Research Projects, in case of project gets sanctioned
- Advertisement for the selection of Project Staff under sponsored research project
- Constitution of Selection Committee for appointment of Project Staff
- Submission of Utilization Certificate of Sponsored Research Projects
- Monthly report of R&D activities of the University
- New Proposals with respect to Memorandum of Understanding (MoU) with other institutes/Universities

- Institutional Research Advisory Board meeting
- Publications, Patents
- Intellectual Property Rights (IPR)
- Matters pertaining to Ph.D

Ph.D. Program

Ph.D. Regulations of Adamas University have been framed in accordance to UGC Regulations 2016 and subsequent amendments. R&D unit of Adamas University, has taken steps to streamline the Ph.D. program by implementing the following initiatives:

1. Issuing Enrolment certificates
2. Issuing Registration certificates
3. Forming and notifyinf DC committees for all enrolled students
4. Conducting DC committee meetings twice in an academic year and maintaining reports of the same
5. Preparing Coursework Completion Certificates
6. Issuing Supervisor Allotment Letters
7. Conducting regular meetings of URC
8. Regularising Coursework program in line with UGC requirement

There are at present 201 students registered for Ph.D. under various schools. There are at present 85 Ph.D. supervisors registered as Ph.D. Guides under various schools.

Adamas University R&D Policy

Adamas University wishes to establish itself as one of the frontline research institutions in India. In order to fulfil its mission, research promotion policies with various schemes and incentives are adopted and implemented. The primary objectives of the Research Policy are to:
i)   Publish quality research articles in reputed journals with global citations
ii)   Publishing patents with the aim of monetisation
iii)   Securing extramural funding and establishing state-of-the-art laboratories and research facilities
iv)   Providing consultancy services to industry and other organisations
v)   Establishing central instrumentation facility
vi)   Recognising faculty members for research initiatives through incentives and awards
vii)   Collaborating with Govt./NGOs/industries
viii)   Establishing Centres of Excellence in focus areas
ix)   Providing support to staff members for attending conferences, seminars, workshops and others.

Research Advisory Board (RAB) comprising internal and external members from industry and academia has been formed to provide

direction in implementing the above objectives. Internal Quality Enhancement and Excellence in Research (IQEER) Committee under the Chairmanship of the Hon'ble Vice-Chancellor, with the Dean (R&D) being its Member Secretary. The committee shall meet on a regular basis to take decisions and submit its recommendations to Hon'able Chancellor for internal seed fund/grant-related sanctions.

In addition to these, the University has initiated the Annual Research Excellence Awards to faculty members for outstanding and innovative research.

To give effect to these, the **Adamas University (Research, Innovation and Extension) Regulations, 2019** was endorsed and adopted by the Academic Council.

15.   Research Projects

Minor Porojects and Seed Fund:

Sl No	Date	Name	Subject	Duraction	Grand Total
1	2022-23	Dr.Arindam Mitra	A plant-based, eco-friendly, cost effective stain for live cell imaging	12 Months	5.36
2	2022-23	Dr. Piyali Das	Fabrication of Inexpensive Functionalized Acellular Avian Feet Collagen Derived Electrospun Nanofibrous Mats for Wound Healing Applications	12 Months	7.76
3	2022-23	Dr. Pranav Kumar	Development of a smartphone – based detection strategy for noninvasive detection of anemia	12 Months	3.12
4	2022-23	Dr. Srijoni Banerjee	Performance Study on the Application of Microorganisms as a Self- Healing Agent in Rigid Pavement	12 Months	2.9
5	2022-23	Dr. Suman Bhandry	In situ grown carbon dot embedded hydroxyapatite nanocomposite for the detection of Cr (VI) in tannery wastewater	12 Months	4.45
6	2022-23	Dr. Nav Kumar Mahato	Development and implementation of monitoring and spraying pesticide in crops using Agriculture through Drone	12 Months	3.26

	2022-23	Dr. Soma Ghosh	Investigation on Rhizosperic bacterial diversity of paddy plants and designing of a potential bacterial consortium involved in arsenic sequestration in paddy fields of as contaminated sites	12 Months	5.9
8					
	2022-23	Dr. Asim Halder	Gallic acid engineered fluorescence gold nanoclusters against triple negative breast cancer	12 Months	4.15
9					
	2022-23	Dr. Joyjyoti Das	Development of a low- cost portable wax printed paper-based microfluidic sensor for detection of milk adulterants	12 Months	6.05
10					
	2022-23	Dr. Prasun Dutta	Development of three- dimensional numerical models to investigate the enhancement of heat transfer due to annular jet impingment on moving surface	12 Months	9.5
11					
	2022-23	Dr. Tanmoy Kumar Dey	Extraction and Purification of lutein esters from marigold petals and assessing its role in growth kinetics of gut bacteria	12 Months	7.3
12					
	2022-23	Dr. Arindam Kundu	A Novel Machine Learning Algorithm Based on Support Vector Regression for Option Implied- Risk Neutral Density	12 Months	9.05
13					
	2022-23	Dr. Sudip jana	Investigation of Underwater Sound Propagation and Surface Sound Duct in the Bay of Bengal	12 Months	7.15
14					
	2022-23	Dr. Amabalika Guha	Developing Metacognitive Awareness, Critical Thinking Ability, and Prediction System through ICT based Language Learning Application: A Case Study of Dormant English as Second Language Learners	12 Months	2.1
15					
	2022-23	Dr. Sujoy Bhattacharya	Design and Development of AI enabled non- invasive Glucose Monitoring system.	12 Months	7.8
16					
	2022-23	Dr. Sajal Saha	Development of a High-Resolution Brain Generated Event Related Potential Recorder (BRAIN CAP)	12 Months	15.57
17

The Department of Social Responsibility at Adamas University is actively working towards promoting social inclusion and addressing various societal issues.

Workshops have been organised on impactful initiatives to create a more inclusive and sustainable society. The campaigns on saving water, empowering women, and smart agriculture aimed to raise awareness and bring positive change. The Social Responsibility Department conducted "Save Water Save Life" campaign, highlighting the importance of conserving water and its impact on sustaining life. The Department also organized a workshop on women empowerment, focusing on factors influencing women's empowerment in rural villages. Recognizing the significance of sustainable farming practices, Social Responsivity Department conducted hands-on training program on smart agriculture, integrating technological advancements to increase productivity and reduce environmental impact. To address the needs of the elderly persons, of the society, the department organized various visits to old age home, providing students an opportunity to interact with and understand the challenges faced by the elderly persons. The Social Responsibility Department also conducted a psychological survey on "Self Reflection as a Parent" and organized demonstrations on tree plantations and women's mental health awareness.

These initiatives highlight the department's commitment to social responsibility and their efforts to create a positive impact. Through their diverse programs and campaigns, the ultimate aim is to empower marginalized groups, raise awareness, and contribute to a more inclusive society.

21. Centre for Lifelong Learning:

In Today's cut-throat professional life, it is imperative to understand the nuances of the competitive world. Only studies would not be enough, you would need systematic, expert guidance to pass any competitive exam, along with facing the interview board we believe that are learners and as such, will continue to strive to improve our work. Improving also means that our classrooms will become more inclusive and learner-centred. We believe that learning happens in community within one's discipline and with others across the campus.

The Center for Lifelong Learning provides an interdisciplinary, rigorous education that bridges the needs of employers with current and future employees.

Providing opportunities for individuals to learn and grow in their careers is essential and preparing them for their growth and develop them as thorough professionals. We at Adamas Center for Professional Studies is more than happy to provide these developmental programs to every individual who wants to chase their dreams.
