1. About the University

Adamas University: A Beacon of Excellence in Eastern India

Adamas University, established in 2014, stands as the top-ranked private university in Eastern India, where excellence is not just pursued but embraced as a way of life. Spread across a sprawling 120-acre Adamas Knowledge City in Barasat, North 24 Parganas, the University is part of an integrated academic ecosystem envisioned as a “City within a City,” comprising several premier educational institutions.

The University was founded by the Sachis Kiron Roy Memorial Trust (SKRMT) under the West Bengal Act IV of 2014 and was officially notified by the Government of West Bengal on 11th April 2014. Since its inception, Adamas University has rapidly grown into a hub of academic distinction, research excellence, and global engagement.

As a testament to its high academic standards and institutional integrity, Adamas University has been accredited with a Grade ‘A’ by the National Assessment and Accreditation Council (NAAC), affirming its commitment to quality education and continuous improvement.

Reinforcing its leadership in higher education, Adamas University has achieved outstanding recognition in the Indian Institutional Ranking Framework (IIRF) 2025, with the following accolades: State Rank: 1 in West Bengal, Zonal Rank: 2 in the East Zone and National Rank: 19 among Private Universities in India.

Adamas University is a committed participant in the internationalization of India’s higher education. It has 88 active MOUs with international institutions, ensuring academic mobility across national borders and fostering international collaborations in research, teaching, and seminars. The University also organizes international summer camps.

Adamas University is home to over 10,000 students and more than 1,800 residential faculty and staff. The institution is committed to delivering world-class education through state-of-the-art infrastructure, cutting-edge research facilities, and a highly qualified academic community. It promotes academic excellence, professional competence, and holistic development to nurture future-ready leaders.

Constituent Schools of Adamas University:

1. School of Basic and Applied Sciences (SoBAS)
2. School of Business (SoB)
3. School of Education (SoE)
4. School of Engineering and Technology (SoET)
5. School of Liberal Arts and Culture Studies (SoLACS)
6. School of Life Science and Biotechnology (SoLB)

7. School of Law and Justice (SoLJ)
8. School of Media and Communication (SoMC)
9. School of Health and Medical Sciences (SoHMS)
10. School of Smart Agriculture (SoSA)

Adamas University envisions becoming a globally recognized institution through interdisciplinary education, pioneering research, and transformative innovation. Rooted in the core values of sustainability, inclusivity, and regional development, the University aims to develop socially responsible, well-rounded individuals who can make meaningful contributions to the nation and the global community.

In response to the evolving demands of the 21st century, Adamas University is dedicated to transforming higher education. By seamlessly integrating academic rigor with industry relevance, it prepares students to excel in the era of Industry 4.0 and beyond, empowering them with the knowledge, skills, and mindset necessary to lead in an increasingly complex world.

VISION

- To be an internationally recognized university through excellence in inter-disciplinary education, research and innovation, preparing socially responsible well-grounded individuals contributing to nation building.

MISSION

- Improve employability through futuristic curriculum and progressive pedagogy with cutting-edge technology
- Foster outcomes-based education system for continuous improvement in education, research and all allied activities
- Instill the notion of lifelong learning through culture of research and innovation
- Collaborate with industries, research centers and professional bodies to stay relevant and up-to-date
- Inculcate ethical principles and develop understanding of environmental and social realities

2. Message from the Chancellor

My Dear students,

“Education is not what is memorized; true education is that which enlightens the soul.”-by Kazi Nazrul Islam.

Adamas University is a luminous confluence of knowledge, vision, and transformation—where education transcends textbooks and becomes a journey of awakening the mind and spirit. In its brief yet illustrious journey, the university has carved a distinguished space in the realm of higher education, proudly adorned with the prestigious NAAC ‘A’ Grade accreditation—a laurel that reflects its steadfast devotion to academic distinction and institutional integrity.

At Adamas, students are not just part of the institution—they are its heartbeat, its pride, and its promise. They shape its identity, enrich its spirit, and carry forward its noble legacy. Rooted in inclusivity and guided by empowerment, the university flourishes as a sanctuary for its students, shaped by their dreams and devoted to their destiny.

With globally attuned curricula and a nurturing environment, Adamas encourages each learner to explore their innate potential, dream ambitiously, and evolve into future-ready global citizens. The dynamic academic ecosystem, enriched by innovation and integrity, is interwoven with the achievements, aspirations, and voices of over 7,000 students, crafting a vibrant narrative of growth, purpose and transformation.

Prof. (Dr.) Samit Ray
Hon'ble Chancellor

3. Message from the Vice Chancellor

It is indeed a pleasure to warmly and sincerely welcome the students joining this exceptional institute of higher learning. Adamas University's continuous march to new heights of excellence has been recently recognised by the National Assessment & Accreditation Council (NAAC) by according at the coveted 'A' Grade. I can assure my newly admitted students that you will have a world of your own at Adamas University. You will experience an excellent teaching-learning process based on outcome-based and experiential learning; you will have all the facilities to pursue your interests in sports, culture, music, art, film, debating, and a whole range of extra-curricular activities. The University's Innovation Centre caters to the innovative interests of students in science and technology. In tune with the demands of the age, the University fosters an industry connect, promotes interdisciplinary teaching-learning process & prepares the students to be creative holistic individuals.

The University has MOUs with 103 institutions across 50+ countries. This provides the students with the benefit of international summer camps, teaching and research guidance from international faculty, and transfer of credits across national frontiers. At the end of the course, our Career and Counselling Centre renders all possible help to enable the students in charting their employment careers. Above all, we have a Chancellor – Professor Samit Roy – who is a visionary, who believes in the promotion of academic excellence in tune with equity and excellence, always remaining alive to students' interests. The students joining the University should, however, ask themselves what sort of education should they aspire for? Will they only remain content by becoming successful management executives, computer specialists, scientists, litterateurs, social scientists or media personalities? Perhaps they should not. Instead, our students should seek to imbibe the time-tested values which should prepare them to be inclusive, creative, tolerant, and critical members of the civil society. Adamas University will surely prepare them to fulfil this role by imparting an education which, as Swami Vivekananda reminded us, should enable them to have complete mastery of one's own mind.

Gurudev Tagore had visualised true education as: “যা কেবল ইন্ধন দেয় না, অগ্নি দেয়”

Adamas University will equip our students to follow this ideal of Gurudev so that they can be at the forefront of the process to make India and the world a better place to live in, recalling what Mahatma Gandhi reminded us: “Be the change you wish to see in world”

I wish my students joining our University all the best, and look forward to having them as a creative partner of the Adamas community.

Professor Suranjan Das

Hon'ble Vice-Chancellor

4. School of Basic and Applied Sciences

The School of Basic and Applied Sciences (SOBAS) is committed to addressing scientific challenges through a value-based approach to science education, emphasizing project-based and research-driven learning. The School aims to nurture students into scientifically proficient professionals equipped with modern tools and techniques.

SOBAS fosters a spirit of inquiry, collaboration, and critical thinking, preparing students for successful careers in teaching, research, government, and non-government sectors. It cultivates analytical and problem-solving skills essential for professional growth.

To enhance academic exposure and practical knowledge, SOBAS regularly organizes a range of scholarly activities, including national and international conferences, workshops, seminars, expert lectures, and laboratory or industry visits. The School also conducts specialized training programs to support students in preparing for competitive examinations, enabling them to excel in their chosen fields.

All programs under SOBAS are designed and delivered following the Outcome-Based Education (OBE) framework, ensuring that students acquire the competencies required to meet evolving scientific and societal needs.

Key Features Of The School

- Projects worth about 4 Cr from Govt Bodies like DST, DAE, DRDO etc. and various Industries.
- There are around 300 peer-reviewed publications in reputed journals.
- Books/Chapters: 30
- Well-equipped laboratories with sophisticated instruments
- Water analysis laboratory
- Spectroscopic laboratory
- Gas chromatography laboratory
- Forensic Science laboratory
- Geo Informatics laboratory
- Nuclear Radiation Laboratory
- Bio-medical Instrumentation Lab
- Electronics and Optics Lab
- Material Science Lab
- General Physics Lab

Career Opportunities

- Students can seek a career in the emerging areas of Medical Physics, Nuclear Medicine Technology, Radiation Safety, Electronic and IT sectors, R&D units of different companies.
- Students can reach to their dream chemical organizations, like, ONGC, IOCL, HPLC, Reliance, Tata Innovation centre etc. They can seek a career in the renowned pharmaceutical and chemical industries.
- Students can pursue career as ESG Analyst, EIA Experts, Environmental Consultants, Sustainability Officers, Pollution control Officers, Biodiversity experts, Climate Policy advisors, Environmental auditors etc.
- Students can get opportunities as Data Analyst and Data Scientist, in Finance, Actuarial Science, R&D units of various industries, and IT industries.
- Geoinformatics offers diverse career opportunities in the field of environmental management, urban planning, disaster management, water resource management, agricultural domain,

climate change impact analysis, and natural resource management in different govt. and non-govt. Organizations and IT industries.

- Forensic Science in India offers diverse career opportunities in Govt. Labs, Law enforcement, Judiciary and Cyber Forensics. The BNS 2023 has further boosted demand for forensic expert in serious criminal investigations.
- Opportunities for higher research/internship abroad.

7. School of Engineering and Technology

Students at SOET undergo a transformative educational journey that emphasizes both disciplinary and interdisciplinary knowledge, equipping them with strong problem-solving abilities, leadership qualities, effective communication, and interpersonal skills. The curriculum also prioritizes personal health and well-being. Recognized as one of the premier engineering institutions in Bengal and East India by the Times Engineering Survey 2019, SOET stands out for its innovative engineering programs and application-oriented teaching methodologies.

The school offers a range of B. Tech Programs with specializations that equip students to be relevant in today's job market along with Project-Based Learning in big-ticket areas like Design Thinking, etc. The school offers different courses through five departments – Computer Science and Engineering, Electrical and Electronics Engineering, Mechanical Engineering, and Civil Engineering.

This year, the school has introduced several cutting-edge courses in emerging areas such as Artificial Intelligence (AI) and Machine Learning (ML), Data Science, SAP specialization, Cyber Security, Robotics & AI, Gaming and Animation, and more. In line with this advancement, the Mechanical Engineering department has also upgraded its curriculum to include AI/ML applications in areas like Robotics, Smart Manufacturing, and Intelligent System Design.

Key Features Of The School

- Access interdisciplinary Research Centers
- International Student Exchange Program
- Industry Collaborations (Via MoU)
- IEEE, ACM, CSI, IETE, GDSC, IE student chapters
- Student Mentoring System
- Learn by doing Experiential and Project Based Learning
- Experienced Faculty

13. School of Smart Agriculture

Compared to other subjects and courses, B.Sc. (Hons.) Agriculture is more interesting to explore as it is based on practical training and choosing to study this course of Smart Agriculture, will place the students at the top positions of different national and international organisations. The students can even decide to establish their own private firms based upon their area of specialization.

The School of Smart Agriculture at Adamas University, offers a unique blend of traditional and futuristic outlook to agriculture and allied sciences which is aimed to develop Agri-professionals for undertaking both advanced research and agricultural out-reach related functions. The curriculum is based on the Sixth Deans' Committee of the Indian Council of Agricultural Research constituted in the year 2021, that is after the implementation of the National Education Policy of 2020. It also includes several new courses that are required by the agro-industries. The students are offered some, "elective courses" that are helpful in developing the next generation of "agripreneuers". Students of the School of Smart Agriculture will avail the benefits of the unique concept of "earn while you learn" by which they are provided with small sample plots of land on which they bring into practice the topics learned in the classroom. Thus, they learn the best and modern practices associated with the subject. The students also participate in group discussions, classroom seminars and are encouraged to attend conferences, workshops, seminars and the like.

Entrepreneurial and innovation skill development platforms are provided to the students through discussions with "who's who" in the industries and research institutes. They also get the opportunity to meet, "face-to-face" or virtually, with the leaders of Agri and allied industries.

Key Features of The School

- Unique blend of academic and industry-ready curriculum.
- "Earn while you learn" approach
- Several internships to choose from.

14. Salient features of Adamas University Curriculum and Credit Framework for Undergraduate and Postgraduate Programs 2025-26

1. Introduction

The Government of India announced the National Education Policy-2020 (NEP 2020) in July 2020. NEP 2020 states that quality higher education “must enable an individual to study one or more specialized areas of interest at a deep level, and also develop character, ethical and Constitutional values, intellectual curiosity, scientific temper, creativity, spirit of service, and twenty-first century capabilities across a range of disciplines including sciences, social sciences, arts, humanities, languages, as well as professional, technical, and vocational subjects.” It also states that “a quality higher education must enable personal accomplishment and enlightenment, constructive public engagement, and productive contribution to the society” and must “prepare students for more meaningful and satisfying lives and work roles and enable economic independence.”

The 4 year UG program structure “Adamas University Curriculum and Credit Framework for Undergraduate Programmes 2023” is based on UGC Curriculum and Credit Framework for Undergraduate Programmes published by the UGC in December 2022. This guideline published by the UGC follows the philosophy embedded in the New Education Policy (NEP). It further accommodates The National Higher Education Qualifications Framework (NHEQF), National Skill Qualification Framework (NSQF) as well as the ideas described in National Credit Framework (NCrF).

The general structure presented here which has accommodated all the categories defined in the UGC framework mentioned earlier. The structure proposed has major (core) courses as well as minor courses. Any student majoring in a subject has to take minor from related disciplines as well as from other disciplines. This is described in a nutshell in the details which follow. Along with this a student has to take Ability Enhancement Courses (AEC), Skill Enhancement Courses (SEC), Value Added Courses (VAC), internship as well as Multidisciplinary Courses (MDC). The idea is to allow students attain theoretical as well as experiential learning.

The programme structure is more or less consistent with those offered by other universities in this state. However, although exit options are mentioned in the UGC and NEP documents for each completed year of UG education, it is proposed that the exit option will be given only at the end of the third year. The student will get Undergraduate degree in the relevant discipline without honours. After the fourth year of study, the student can get a Bachelor’s degree with honours but with two options for example, – B.A. or B.Sc (Honours) or B.A. or B.Sc (Honours with research). Along with that if the student takes at least 50 percent of the minor courses (4 in this case) offered in a related discipline to the major discipline, he or she will get a Bachelor’s degree in the major with minor in the related discipline. Thus a student with B.Sc (honours with or without research) in Economics can pass out with a minor in Mathematics or Statistics.

As is clear from the UGC guideline, this new 4 year UG course framework is aimed at Humanities, Social Sciences and Science courses not covered by any other national body. The courses designed by other national bodies like AICTE, BCI, NCTE, PCI, MCI etc. are not covered by this UGC guideline. This is followed in the proposed 4 year UG curriculum designed for ADAMAS University too.

Adamas University is set to introduce postgraduate (PG) courses aligned with the National Education Policy (NEP) 2020 guidelines starting from the academic year 2025-26, emphasizing flexibility, interdisciplinarity, and skill-oriented education. In line with NEP 2020, the university will offer PG programs across its 10 schools of study, including fields like Engineering, Science, Liberal Arts, Law, Management, and Education, with curricula designed to integrate modern tools, experiential learning, and industry-relevant skills. These programs will incorporate a choice-based credit system, allowing students to tailor their learning paths, and include options for multiple entry and exit points, such as one-year PG diplomas or two-year master’s degrees. Adamas University’s adoption of NEP 2020 ensures holistic education, fostering critical thinking, research, and employability, with admissions based on merit, AUAT scores, or national-level exams.

2. Curriculum and Credit Framework

2.1 Salient Features

1. Flexibility to move from one discipline of study to another
2. Opportunity for learners to choose the courses of their interest in all disciplines;
3. Flexibility for learners to move from one institution to another to enable them to have multi and/or interdisciplinary learning;
4. Flexibility to switch to alternative modes of learning (offline, ODL, and online learning, and hybrid modes of learning).

2.2 Definitions and duration of the programme

- A semester comprises 90 working days and an academic year is divided into two semesters.
- A summer term is for eight weeks during summer vacation. Internship/apprenticeship/work-based vocational education and training can be carried out during the summer term.

2.3 Major and Minor Disciplines

- Major discipline is the discipline or subject of main focus and the degree will be awarded in that discipline.
- Minor discipline helps a student to gain a broader understanding beyond the major discipline.

2.4 Awarding Undergraduate Degrees

3-year UG Degree: Students who wish to undergo a 3-year UG programme will be awarded UG Degree in the Major discipline after successful completion of three years, securing more than 120 credits and satisfying the minimum credit requirement as given in structure of the UG programmes.

4-year UG Degree (Honours): A four-year UG Honours degree in the major discipline will be awarded to those who complete a four-year degree programme with more than 160 credits and have satisfied the credit requirements as given in structure of the UG programmes..

4-year UG Degree (Honours with Research): Students who secure 75% marks and above in the first six semesters and wish to undertake research at the undergraduate level can choose a research stream in the fourth year. They should do a research project or dissertation under the guidance of a faculty member of the University/College. The research project/dissertation will be in the major discipline. The students who secure more than 160 credits, including 12 credits from a research project/dissertation, are awarded UG Degree (Honours with Research).

2.5 Credit hours for different types of courses

Each course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial, and practicum component, or only practicum component. For example, a three-credit lecture course in a semester means three one-hour lectures per week with each one-hour lecture counted as one credit. In a semester of 15 weeks' duration, a three-credit lecture course is equivalent to 45 hours of teaching.

One credit for tutorial work means one hour of engagement per week. In a semester of 15 weeks' duration, a one-credit tutorial in a course is equivalent to 15 hours of engagement.

A one-credit course in practicum or lab work, community engagement and services, and fieldwork in a semester mean two-hour engagement per week. In a semester of 15 weeks' duration, a one-credit practicum in a course is equivalent to 30 hours of engagement.

3. Structure of Undergraduate Programme

3.1 Levels of Courses

1. 0-99: Pre-requisite courses
2. 100-199: Foundation or introductory courses
3. 200-299: Intermediate-level courses
4. 300-399: Higher-level courses
5. 400-499: Advanced courses

3.2 Change of Major

Change of Major: Students can opt for a change of major within the broad discipline (Natural and Physical Sciences, Mathematical, Statistics, and Computational Sciences, Library, Information and Media Sciences, Commerce and Management, and Humanities and Social Sciences) at the end of the first year.

3.3 Structure of the UG Programme

- Minor stream courses can be selected from the 1st, 100 or above level and 50% of the total credits (16 credits) from minors must be secured in the relevant subject/discipline and another 50% of the total credits from a minor can be earned from any discipline as per students' choice.
- Students will not be allowed to take the same courses studied in the 12th class under the interdisciplinary category.
- Honours students not undertaking research will do 3 courses for 12 credits in lieu of a research project / Dissertation.
- 40% of the credits in any category may be earned through online courses approved by the Department and University as per the existing UGC regulations.
- VIII-Semester core major may be seminar-based with students' presentations and discussions.
- Students may take audit courses without any credits.

4. Structure of Postgraduate Programme

4.1. Programme Duration and Flexibility

- Duration: PG programmes at Adamas University will offer multiple entry and exit options:
- One-year PG Diploma: For students completing one year (two semesters) of study.
- Two-year Master's Degree: For students completing the full programme (four semesters).
- Multiple Entry/Exit Points: Students can exit after one year with a PG Diploma or continue for a full master's degree, with credits earned transferable as per the Academic Bank of Credits (ABC).
- Lateral Entry: Eligible candidates with relevant qualifications (e.g., PG Diploma or equivalent) may enter directly into the second year of the master's programme, subject to university criteria.

4.2. Choice-Based Credit System (CBCS)

- The PG programmes will follow a Choice-Based Credit System, allowing students to select courses from a range of core, elective, and skill-based options.
- Credit Structure:
- A two-year PG programme typically comprises 80–100 credits, with 20–25 credits per semester.
- A one-year PG Diploma requires more than 40 credits.

- Course Categories:
- Core Courses: Mandatory discipline-specific courses to build foundational knowledge.
- Elective Courses: Discipline-Specific Electives (DSE) and Multidisciplinary Electives (MDE) to promote interdisciplinary learning.
- Skill Enhancement Courses (SEC): Practical, industry-oriented courses to enhance employability.
- Ability Enhancement Courses (AEC): Courses like Communicative English to improve soft skills.
- Research/Project Work: Mandatory for students opting for “coursework + research” in the two-year programme, typically in the 4th semester.

4.3. Key Features of NEP 2020 Integration

- Holistic Development: Focus on critical thinking, problem-solving, and interdisciplinary knowledge.
- Research and Innovation: Encouragement of research-oriented learning through projects and dissertations.
- Employability: Emphasis on skill-based courses to prepare students for industry and competitive exams.
- Inclusivity: Flexible pathways to accommodate diverse learners, including provisional admissions for eligible candidates.

Adamas University’s PG programmes, structured as per NEP 2020, aim to create a dynamic, inclusive, and future-ready educational ecosystem. By integrating flexibility, industry collaboration, and modern pedagogical approaches, the university ensures that its graduates are equipped with the knowledge, skills, and adaptability required to excel in a rapidly evolving global landscape.

14.1 Semester Registration Process

Semester registration from the second semester onward. All students will have to report and register on the dates specified in the Academic Calendar at the beginning of the semester.

Student will be eligible for semester registration only if he/she satisfies the conditions under promotion criteria and will be permitted to register only if he/she has cleared all dues to the university, provided he/she is not debarred from registration, on disciplinary grounds.

If a student fails to report on the specified date, he/she may be allowed by the Dean to register within one week from the reporting date with a fine. The amount of fine will be specified from time to time.

Cancellation Of Registration:

The registration of student is liable to be cancelled on following ground

- On expiry of the specified period of Validity
- Concealment / misstatement of fact or submission of fake, forged, irregular document

16. Merit Scholarship

Scholarship will be awarded programme wise to meritorious students based on their performance in each Semester. Award of scholarship will start from Second Semester till last Semester based on performance in the previous Semester. There may be maximum of three Scholarships of amount Rs.25000/-, Rs.10000/- and Rs.10000/- for the top three toppers in a batch of 41 students and above, top two toppers in a batch of 21 - 40 students, of Rs.25000/-and Rs.10000/-. If the number of students in a batch is 1-20, then the Scholarship will be restricted to the amount of Rs.25000/- for the topper. However, the amount of scholarship may vary from time to time at the discretion of the management.

The number of Merit Scholarship will be as under:

SI No.	Total strength of students in a programme	Maximum No. of Merit Scholarship	Scholarship Amount (Rs.)
1	41 and above	Three	45000/-
2	21- 40	Two	35000/-
3	1-20	One	25000/-

The students securing SGPA 8.5 and above only will be eligible for award of Scholarship and the awardees will be selected from this category of students.

A. Procedure for Grant of Scholarship

The Merit Scholarship will be automatically granted on declaration of the results by the Controller of Examinations. The letters to this effect will be issued to all concerned by the Registrar on approval of the Vice chancellor and Chancellor, after declaration of results.

B. General Conditions

- i. The maximum scholarship numbers are
 - B. top three for a batch strength of 41 and above
 - C. top two for a batch strength of 21 to 40
 - D. top one for batch strength is 1-20
- ii. If at the time of determining the number of scholarship it is observed that more than one student has a tie in a particular rank / position (i.e. the same percentage/marks/SGPA), the scholarship amount admissible will be equally shared among all such students having same rank.

Scenario 1: If three students score equal marks and secured 1st position, the scholarship amount year marked for positions 1, 2 and 3 will be added and distributed among the three. No 2nd and 3rd position will be provided.

Scenario 2: If two students secured 1st position and one student secured 2nd position, in this case the average of amount year marked for 1st and 2nd position will be distributed among the two & next student is treated as the position of 3rd. So, summing up the policy we have sanctioned amount to be distributed among the candidates equally in case of more than 3 eligible candidates according to above scenario as explained. Similarly, the logic will be extended for others possible scenario.

N.B. The amount of scholarship will vary according to the batch size of a particular programme.

- i. Students not fulfilling required percentage of attendance in the classes will not be eligible for award of any Scholarship.
- ii. Students having proven disciplinary charges will not be eligible for award of any
- iii. Students having backlog in any paper in any Semester will not be eligible for award of any Scholarship.
- iv. The number of the students in a programme to be considered for granting scholarship under various categories will be number of students registered at the beginning of the year.
- v. If any student is eligible / entitled for more than one scholarship / concession, he/ she has to make a choice for any one only.
- vi. If a student has decided to forego the Merit Scholarship, same will not be offered to next in merit.

Note:

1. A student may take admission by paying an advance amount of Rs. 40K (Rs. 35K of which will be Admission Fees and Rs. 5K will be considered as part payment of 1st Semester Fees) and the balance amount should be paid by the student within 30 days from the date of booking. 19. Teaching, Learning And Assessment

19.1 Outcome Based Education

Adamas University has implemented Outcome Based Education across all the programs offered by the schools of the university focussing on Constructive Alignment, refers to a teaching system associated with the learning activities implicit in the planned outcomes. Learning outcomes are the results of the learning experience that the student able to showcase a level of competence in a given situation which are measured through knowledge and skill on the discipline studied, attitude, and values acquired through the defined process that includes curriculum design, teaching and learning activities, and assessment to follow-up.

The University measures the students' achievement on different levels of outcomes. The learning outcomes are planned through effective communication among stakeholders and decision-makers, carried out in forums like Advisory Board, Governing Council, Academic Development Council, Board of Studies, Faculty Council, Career Development Cell, Alumni and Parent-Teachers Meetings. The curriculum is designed to balance various components of Core Courses, Allied Courses, and Mandatory Courses, etc.

19.2 Mentor-Mentee System

Mentoring system, at Adamas University use the 'Supportive Relationship Model' (SRM) that potentiates end to end encryption. The Cycle of Supportive Relationship Model consists of two halves. Mentor to mentee and Mentee to mentor. The Mentee may either be allotted or through personal requisition. Following which, the initial interaction that is documented, facilitates establishment of relationship between the two in terms of understanding. Then the mentor through careful discernment identifies key areas of concern / potential specific to the mentee and chalks out optimal guidelines to address the identified areas. Mentor also narrows down learning areas and communicates through positive reinforcement and suitable motivation technique.

For more details, you may contact HOD's of schools.

19.3 Policy On Dean's List

Adamas University in its journey toward excellence intends to provide adequate challenge to the brightest students, and proposes to institutionalize the academic award, or distinction.

The Dean's List has traditionally been a prestigious honour for students to strive during their academic tenures because it demonstrates a commitment to academic excellence and the ability to rise to the workload, however heavy it might be.

SCOPE: This policy applies to students of UG, PG, Diploma and other certificate programme. It is an internal accolade of AU to inspire students to strive for Educational Excellence incessantly throughout their tenure.

Eligibility To Be Nominated In Dean's List

As necessary pre-qualifications for the above award or distinction, students must fulfil the following:

- a. He/she must have completed during the year all the graded course credits in full-time capacity, and in a single attempt.
 - Single attempt means 1st official attempt. No consideration will be given to students who complete the course credit in next attempt due to a valid reason for absence in 1st attempt for the batch (whether permitted or not permitted).
- b. He/she must have attained a Cumulative Grade Point Average of at least 8.5 / 10.0 (without

- rounding up) with no failing grade.
- c. He/she must maintain a minimum cumulative grade point average of 8.0/10.0 throughout enrolment without any failing grade.
- d. He/she should not have violated any of the covenants of the Student Code of Conduct and should not have any disciplinary case against him/her.

Top 5% of students within the school based on individual program-level performances in the various departments each year will be selected for the Dean’s list. This will be purely on grade point averages attained by students in each department at Diploma, UG and PG levels

Timing Of Selection

- a. Dean’s List will be prepared at the end of even Semesters, but excluding the Special Terms, by the Registrar’s Office with information received from the Examinations Department.
- b. Students with incomplete grades will be evaluated after it is made up. The student must have qualified for the Dean’s List before and after the Incomplete grade was made up.

Rewards For Being A Part Of Dean’s List:

- a. Students may be permitted to take additional courses without additional charge, if any, during one semester of the academic year following that distinction (as free optional electives).
- b. Students may get invitation to University Special Events or may be sponsored by the University for attending some outside events like seminars, conferences, etc.
- c. Students included on the list will receive a certificate and a commendation letter from the Dean.
- d. Students may get preferential treatment in issuance of books, or provision of special carrels in the library.
- e. Letters of Appreciation to parents/guardians from the Mentor/HoD/Dean.

19.4 Policy On Slow And Advanced Learners

This policy on slow and advanced learners aims to create a holistic learning environment for catering the need of the individual student with differential learning abilities. Through this policy, Adamas University articulates its assurance to make learning process more enriching and effective for all its students. The policy mainly focuses on developing strategies to identify learning levels of students and boost both the advanced and slow learners towards knowledge enhancement and better performance respectively.

Assessment Of The Learning Levels Of The Students

The process of assessment of the learning levels of the students and conduction of activities for them should be carried out through a systematic procedure. The assessment procedure can be a statistical process of making the three levels like High, Average and Low on the basis of the outcome. Slow and advanced learners should be identified based on the following parameters and their weightage:

Courses	Comprehensive and Continuous Assessment	End Term Examination
Theory	50%	50%
Practical/Laboratory	50%	50%

19.5 Feedback On Course Structure

With the aim of continuous improvement and to ensure that students have an enriching learning experience, Adamas University has implemented certain quality assurance systems and procedures. The University, in particular, receives input from different stakeholders to ensure the standard of teaching, learning and evaluation in order to continually enhance the quality of the courses taught.

Therefore, on completion of courses in a semester, the University seeks feedback on Teaching, Learning and the Curriculum for the courses from students. The input is valuable as it will allow University to understand student's problems and difficulties, if any, and to consider changes that may be appropriate to enhance student learning experience. Feedback helps Adamas work towards higher excellence through self-correction and self-perfection.

A planning and monitoring team has been formed and brought into the system at Adamas University from the year 2020. The team has been formed with the objective to bring the different minds together and understand the academic environment at Adamas and develop further for the benefits of all the stakeholders. In the beginning, we started with taking candid feedback from the students to understand their comfort and challenges faced with the online classes. This process also helped faculties during the COVID19 pandemic to understand the mindset of the students and support them in more informed way. The formation of planning and monitoring team has been done under the supervision of Department of Planning and Monitoring. There is representative from the faculty members from each school and in future, there are plans to involve students as well in this process. The planning and monitoring department shall also take part in the curriculum reforms based on the feedbacks received from major stakeholders.

- Any deviation on legitimate ground to be approved by the Vice Chancellor.
- Fee detail as per notification

20.5 Awards of Grades

Adamas University shall adopt a 10-point grading system for converting students' marks (out of 100) for all UG and PG Programmes into corresponding letter grades. The following grade conversion scale shall be applicable for the purpose of calculation of SGPA/CGPA:

Grade	Grade Abbreviation	Grade Point
O	Outstanding	10.0
A+	Excellent	9.0
A	Very Good	8.0
B+	Good	7.0
B	Above Average	6.0
C	Average	5.0

P	Pass	4.0
F	Fail	0.0
Ab (Absent)	Fail	0.0
DB	Debarred	0.0

- The credits for each course will be assigned as approved by the Academic Council while approving the curricula and syllabi.
- Grade shall be awarded on the basis of performance continuous and comprehensive assessment and End-Semester Examinations.
- The performance of a student will be evaluated in terms of two indices, viz., the Semester Grade Point Average (SGPA) which is the Grade Point Average for a semester and Cumulative Grade Point Average (CGPA) which is the Grade Point Average for all the completed semesters at any point in time. The SGPA and CGPA shall be rounded off to two decimal point. The SGPA is calculated on the basis of grades obtained in all courses, registered in a semester:

- $$SGPA = \frac{\sum_{i=1}^S (G_i * C_i)}{\sum_{i=1}^S C_i}$$
,

where C_i = Credits in the Course i ,

G_i = Grade Points awarded to the student in Course i as per conversion table,

S = No. of Courses for which a student is registered in that Semester.

The overall Grade Point of a student in the program of study up to the end of a particular Semester shall be called Cumulative Grade Point Average (CGPA). CGPA shall be calculated on the basis of all grades, obtained in all completed semesters as follows:

$$CGPA = \frac{\sum_{i=1}^N (G_i * C_i)}{\sum_{i=1}^N C_i}$$

where C_i = Credits in the Course i taken by the student,

G_i = Grade Point awarded to the student in the Course i ,

N = No. of Courses taken by the student up to the end of that Semester.

21. Research Facilities

Adamas University started its journey in 2015 and focusing on research from the very beginning. Several research plans and policies are implemented from time to time in the University. The central Research & Development (R&D) office/unit has been setup in the University in 2020 to provide specialized administrative and research support for the operation of various research related activities of the University, that include, PhD program, Sponsored Research Projects, Seed funding, specialized research centre activities and other related R&D activities.

Objectives:

- To identify areas where research evidence could make the most difference
- To ensure that existing research facilities are used optimally
- To facilitate quality research & consultancy in novel areas
- Patent filing and day to day R&D activity monitoring
- Quality checks on research and development

Functions:

- Matters related to Ph.D. including admission, administration and evaluation of all Ph.D. program
- Sponsored Research Projects
- University funded Seed fund projects
- R&D related MoU's & agreement.
- Start-up Research Grant for new faculty members
- Recruitment of Project staff
- Intellectual Property Rights (IPR)

Adamas University R&D Policy

Adamas University has placed much emphasis on enabling infrastructure and facilities for advanced research in diverse areas. It has set up a Centre for Scientific Research with University seed money. Adamas University is giving special emphasis on multidisciplinary research along with central research facilities, specialized laboratories have been established, in collaboration with the Government through funded projects and corporate bodies. To promote innovation and start up entrepreneurship among student's/ faculty members, Adamas University has taken initiative by announcing special Intramural R&D grant scheme for faculty and ARISE for students. Adamas University wishes to establish itself as one of the frontline research University in India.

In order to fulfil its mission research promotion policies with various schemes and incentives are adopted and implemented to encourage and promote the culture of research and innovation amongst the faculty members. The primary objectives of the research policy are to –

- Publish quality research articles in reputed journals with citation globally
- Publishing patents having good commercial potential
- Getting extramural funding and to establish state of art laboratories and research facilities
- To provide consultancy service to industry and other organization
- To establish central instrumentation facility
- To recognise faculty members for research initiatives to incentives and awards
- To collaborate with Govt./NGOs/Industries

- To establish centre of excellence in focus areas
- To provide support to staffs for attending conference, seminar, workshop etc.

Research advisory board comprising of internal and external members from industry and academia is formed to provide direction in the above said objective implementation. Internal Quality Enhancement and Excellence in Research (IQEER) committee under the chairmanship of Vice-chancellor and Dean (R&D) as member secretary. The university has established 12 Research centres in the areas of Stem Cell, Health, Water, High Power Computation (HPC), Education, Innovation & Leadership, Business Analytics, Logistics & Supply Chain, materials and agriculture along with Central Instrumentation Facility.

22. Amenities and Facilities available on the Campus

22.1 Library Facilities & Infrastructure

Vision

Agile, focused, efficient, and data-driven, the Adamas University libraries will be leaders in providing the broadest access to the information and in developing innovative services, strategies, and technological systems that promote discovery, preserve knowledge and cater to information needs.

Mission

The Adamas University libraries provide information resources and services to faculty, students, and staff aiming the following goals:

- Seamless discovery and access to scholarly information;
- Offering expert support and education to find, evaluate, use, and manage information resources;
- Creating and sustaining high-quality spaces for learning, collaboration, and research; and
- Leading and actively participating in partnerships for national and global initiatives that inform and shape the future of libraries and scholarly communications.

Adamas University is catering the information needs through Central Library and 3 other Departmental Libraries, namely, Law Library, Pharmacy Library and Education Library. Besides fulfilling the minimum criteria prescribed by the competent regulatory body like AICTE, BCI, PCI etc., the libraries have developed rich, latest and rare collections.

Library services designed for UG students, PG students, Research Scholars, teaching assistants, university staff and faculty in specific. The libraries hold regular orientation for the users. Special priorities have been given in digital collection development. Library has adopted KOHA integrated Library Management Software for the management and administration of Library operation. Library also has a unique library website for accessing the various resources from single window along with Remotlog remote access facility for getting access to e-resources from anywhere at any time.

22.2 Laboratories & Equipment

With an aim to cultivate research culture, Adamas University has developed world class laboratories which provide students with a wealth of hands-on learning opportunities. Main purpose of the laboratories is to develop the abilities to design and conduct experiments; collect, analyze and interpret data; work independently and also in teams.

Computers are treated as essential tools for conducting business and delivering educational material. The University has thus incorporated the use of IT into the curriculum and provided large number of nodes in the Lab exclusive to business school.

23.4 IT Facility

Adamas University (AU) recognizes the demand for rising digitalization in Higher Education and focuses on the appropriate financial provisions on the development of IT infrastructure to support all levels of the University's functioning including Governance, Academics, and Research. AU has multiple links to establish communication across the support offices and schools. The Internet Leased Line (ILL) and Broadband services have been taken from two different services providers.

AU also has an MPLS link to establish communication between offices with the following specifications:

- ILL (Internet Leased Line) – 300Mbps, taken from Airtel, used for office work for staff, Internet browsing, and conducting an online class
- Broadband – 1Gbps, taken from Alliance, used for internet browsing and backup of other links and facilitating the student and faculty to stay connected with the world.
- MPLS (Multi-Protocol Label Switching) Link – 25Mbps, taken from Airtel, used for the office network.

The Class Rooms, Labs, and Offices are secured with copper LAN enabled along with a WiFi facility.

On the University Campus, all the buildings, and classes are ICT-enabled and equipped with a projector, wifi, and LAN, with a secured internet kiosk facility. Network and Sound systems are enabled in Seminar Hall, Conference Hall, and Convention Centre.

Adamas University is using Star topology in its network architecture. At university, a Core Switch is available at the central location. All the other building's Distribution Switches are directly connected through optical fiber cable and all the floor's

Access Switches are connected through copper cable from the distribution switch of that building. Here we follow the 3-Layer network architecture model (Core-Distribution-Access). We are at Adamas using 802.1x network-level authentication to protect our networks from unwanted authentication. There is a Radius authentication. Internet is also protected through Firewall at the gateway level. AU has auto internet failover configured with different ISPs.

Desktops/Laptops are having Microsoft Defender / Microsoft Security essential installed to protect from malicious activities. University is using client-server architecture and has different VLANs for different segments. AU manages the internal network from the centrally managed server. Most of the educational applications and software' are run through this client- server architecture.

AU is having Microsoft Volume license to enable advanced protection. TCS-iON is the ERP for university management systems running on the SAAS model. University has CANVAS LMS to smoothly run teaching-learning and evaluation processes.

26. Career Development Centre

Career Development Process

- i. In the beginning of session, the students will be registering in the career developing portal and will update their information with necessary documents, their skill set and interests will be register in our automated system called Superset.
- ii. Collecting student's profile to study, understand their interest strengths and weaknesses. Accordingly, guide students whether they should go for jobs, higher studies, appear for GATE, NET or RICE trainings for careers in government sector etc. Involve professionals for assessing students – evaluation, mock interviews, etc.
- iii. Assessing students to measure their domain-abilities, data interpretation and problem-solving skills and helping them to identify their development needs in advance. Students go through counselling session to profile their strengths and weaknesses at the dawn of his/her professional career.
- iv. Reaching out to the corporates to organize professional training on advanced topics in areas of finance, new-edge technologies, management etc. and organize trainings to develop communication / presentation skills and personality development of the student
- v. Contacting external corporates for internships and PPOs. Inviting them to our campus to meet our students and know this university.
- vi. During the internship period, students have to maintain the internship diary and have to submit during internship presentation after duly signed by industry mentor and departmental mentor.
- vii. In the pre-final year, students will undergo two rounds of external assessments to evaluate their skill sets. Based on their performance, students will be classified into four Grades: Platinum, Diamond, Gold, and Silver. Job offers will be extended accordingly, aligned with their assessed potential.
- viii. The CDC conducts thorough research to identify and categorize organizations into different tiers. This classification will be based on parameters such as turnover, social impact, product relevance, market presence, and manpower strength
- ix. Additionally, the CDC maintains a continuous and structured engagement with industry and student through:
 - Leadership talk series
 - Industry visits
 - Skill enhancement training
 - Live projects

These initiatives aim to shape students' mindsets and prepare them for a globally competitive environment.

Placement Oriented Training Eco-System

The focused approach of the university towards persistent and multidimensional training of students in-line with the industry expectations and establishment of industry sponsored labs for hands-on-learning has led to a significant increase in the number of placements offers and record salary packages.

Placement Process:

Training Eco-System:

Interactive Interview Handbook for intensive preparation:

CDC offers an interactive interview handbook with extensive list of frequently asked questions (FAQ) along with the framework of answers. This helps students to get ready for the interview.

Evaluation through External Agencies:

Adamas University believes in all round development of the students. To ensure the same AU has signed MoU with several external agencies to evaluate its students. i.e. AMCAT, Constellation, Micro Pro. Along with that CDC is completely automated with Superset platform.

Employability Score Card:

We believe that every student should have the right set of skills & opportunity to pursue the career of their choice. In order to extend right opportunity to right candidate Career Development Centre at Adamas University has come up with the concept of Employability Score Card.

It helps the students to improve consistently in their learning curve.

This Employability score card will be available for all the students. Students with A Grade will get opportunity to be interviewed with top industries. Similarly, students with B grade will get better opportunities in compare to students with C grade.

27. Quality Assurance & Accreditation

Adamas University acknowledges that quality assurance is a collective responsibility shared by the entire university community. The University has been awarded the prestigious 'A' Grade accreditation by the National Assessment and Accreditation Council (NAAC), a testament to its unwavering commitment to fostering global standards in India's higher education system.

In alignment with this recognition, the Internal Quality Assurance Committee (IQAC) has been reconstituted with a renewed vision of positioning Adamas University within the global framework of academic benchmarking and accreditation excellence.

The IQAC plays a pivotal role in evaluating and incorporating recommendations from diverse stakeholders on matters pertaining to the academic and administrative quality of the University. In keeping with the goals of the National Education Policy (NEP) and the promotion of Indian Knowledge Systems (IKS), the IQAC regularly organizes Faculty Development Programs (FDPs) and capacity-building workshops aimed at elevating teaching standards and fostering academic innovation.

The University's quality assurance mechanism is entrusted with the responsibility of formulating and implementing institutional guidelines, conducting internal academic audits, and facilitating external evaluations and accreditations. All academic units are encouraged to systematically assess and enhance the quality of teaching, learning, and assessment practices, in pursuit of sustained academic excellence. The University also promotes a holistic educational approach focused on nurturing thoughtful, well-rounded, and creative individuals.

The Office of Internal Quality Assurance is dedicated to enriching the learning environment for both students and faculty through a range of initiatives, including orientation programs, quality-focused FDPs, collaborative engagements with peer institutions for knowledge exchange and institutional branding, and the structured collection and analysis of stakeholder feedback. The dissemination and adoption of best practices remain a key priority.

The Internal Quality Assurance Cell (IQAC) of Adamas University is set to publish a bi-annual Newsletter aimed at highlighting the university's academic excellence. This publication will feature notable achievements and success stories of both faculty members and students, showcasing their contributions in various fields. It will also document key academic events, including symposiums, seminars, and workshops conducted over the past six months. The Newsletter seeks to serve as a platform for celebrating academic milestones and promoting a culture of innovation and quality. Through this initiative, IQAC aspires to enhance institutional pride.

Suggestions and feedback for the ongoing enhancement of the University's academic and infrastructural quality are warmly welcomed. Kindly write to: quality.assurance@adamasuniversity.ac.in.

29. Alumni Relations

At Adamas University, we recognize that the strength of an institution lies not only in its academic excellence but also in the continued success and involvement of its alumni. Since the university's inception in 2014, our commitment has been to nurture this vital connection—transforming graduation into the beginning of a lifelong relationship.

The Alumni Relations Office, actively operational for the past two years, plays a strategic role in building, engaging, and empowering our growing alumni network. We serve as a bridge between the university and its alumni—facilitating professional opportunities, mentorship, career guidance, brand partnerships, and meaningful engagement that extends beyond campus life.

As we continue to grow, our goal is to foster a strong sense of community among past graduates, strengthen the university's global presence, and cultivate a culture where alumni contribute actively to the institution's progress—through placements, philanthropy, collaborative initiatives, and knowledge sharing.

By celebrating alumni achievements and fostering valuable connections, the Alumni Relations Office is not just maintaining relationships—it is building a legacy.

Some engaging alumni events are as follows:

31. Department Of Social Responsibility

The department of Social Responsibility believes in the principle of we are for the people. It is continuously working for the benefit of the people in and around the campus. The management, all the teaching, and non-teaching staff, and the students of Adamas University are wholeheartedly engaged with the community engagement program. They reach out to the people at the time of crisis and extend their helping hand. This prestigious university has created a place in the arena of higher education in eastern India as well as for its involvement in outreach activities. It has a Unit of National Service Scheme (NSS), under which the student volunteers engaged in various types of community service activities. It has been registered under the Government of India's Unnat Bharat Abhiyan and continuously working for the development of the five adopted villages. It has also been registered under Swachh Bharat Abhiyan and under Swachhta Pakhwada had organized Clean Village Drive. Apart from these, there are a number of good outreach activities continuously being organized in the field of skill development, literacy, health and hygiene, and on various social issues like Farmers Meet Legal Aid and Awareness camp, etc.

The Department of Social Responsibility believes in creating awareness among young citizens about giving back to society and thereby shaping their character and personality which will ultimately help in nation-building.

Some of the Activities conducted:

- Celebration of Swami Vivekananda's Birthday by Distributing Masks to the Gardeners, Security Staff and Canteen Staff of Adamas University under Government of India's Aayshman Bharat Yojna.

- "Visit to "NATUN GHAR" which is an old age home where the student volunteers interacted with the elderly ladies regarding their various life challenges and the interactive session was followed by distribution of blankets and groceries. The community service activity was organised by the department of Social Responsibility.
- One Day Election Awareness Campaign, 2024 named "YOUR VOICE, YOUR VOTE: BE INFORMED, BE HEARD" was Organized by Electoral Club in collaboration with the NSS Wing of Adamas University where the students involved themselves with interactive sessions with Gram Panchayet officials, workshops to raise awareness about voting and legal rights, and initiatives to foster community engagement. Through these activities, students learned about the intricacies of local governance, the importance of electoral participation, and the challenges facing rural communities, while also providing valuable support and information

to the local residents.

- A survey was conducted in Subarnapatnam Burma Colony, Barasat where the main issue is now the drainage and over population. The loss of green spaces and rising population levels threaten public health and ecological balance of the region. Overall, the survey underscores the importance of sustainable development initiatives and community empowerment in enhancing the quality of life in Subarnapatnam Burma Colony. Collaborative efforts between local authorities, community organizations and academic institutions are crucial in addressing the challenges and fostering a healthier, more prosperous future for the residents.
- An outreach program named Building Back better for a healthy Planet was organised in Gustia Kshetranath High School, Badu Road to engage students in understanding the role of engineers in achieving Sustainable Development Goals (SDGs).
- The Social Outreach Program on World Engineer’s Day was a success, fostering awareness about the role of engineers in achieving Sustainable Development Goals among students. The positive response from both students and school authorities indicates the potential for future engagements and initiatives in promoting engineering education and social responsibility.
- An Awareness Program for Blood Stem Cell Donation was held where 250+ Adamas University students register for donating blood stem cell during an orientation and awareness session on stem cell towards fighting blood disorders on 8th May 2024 at the Adamas Knowledge City Campus, Barasat. The program was jointly organized by E-YUVA Centre, Adamas University (Supported by BIRAC), Rotary Calcutta Visionaries and DKMS BMST. The purpose of the seminar was to raise awareness about the significance of blood stem cell transplantation and motivating young individuals to register as potential lifesavers.
- Beti Bachao Beti Padhao- Adamas University’s NSS Wing, in partnership with the School of Education, organized an awareness campaign titled “Beti Bachao Beti Padhao “ at : Krishnapur Adarsha Vidyamandir for Girls located at Dum Dum Park, South Dumdum, West Bengal, on December 3rd , 2024. The slogan “Beti Bachao, Beti Padhao” literally translates to “Save the girl child, educate the girl child.” That is the goal of the project. Through the implementation of this government program, the government intends to combat and eliminate discrimination based on gender, while simultaneously improving the efficiency of social services that are designed to benefit young women. The objective of the campaign was to provide students with the knowledge and insights necessary to overcome gender stereotypes, as well as to educate and empower them. Within the scope of this campaign, the goal was to liberate ourselves from antiquated gender preconceptions that restrict our potential.
- “Say No to Plastic”- The “Say No to Plastic” event held at the SOLJ Building was a student-led initiative organized by the proactive members of SOLJ and the Empathy Club. The event aimed to raise awareness about the detrimental effects of plastic pollution and promote sustainable alternatives. Open discussions allowed participants to share ideas and experiences, fostering a sense of collective responsibility. To solidify their commitment, attendees wrote personal pledges on a “Say No to Plastic” wall, promising to adopt more sustainable habits in their daily lives. The event concluded with a cleanup drive around the SOLJ Building, reinforcing the message of immediate action in reducing plastic waste.

DECLARATION

I, _____ son/daughter of (Father's name) _____ (Mother's Name) _____ student of (Program Name) of _____ (School Name) of Adamas University enrolled in the Academic Year 2025-26, bearing Enrolment Number/ Registration No. _____ and Roll No. _____ hereby affirm that I have gone through the contents of the Student Handbook and understood the same in totality, as my queries were adequately addressed and clarified during the orientation program &/or personal interaction.

In addition, I affirm that I am aware of the Government of India Acts/Laws and Regulations of statutory bodies with respect to Ragging, Narcotics, Alcohol and other psychotropic substances and the same has been clarified during the orientation program.

I understand that I should not be entering certain areas individually or in a group within the campus, including in the hostels, which are notified verbally or in writing as 'out of bound.'

I affirm that I have taken the required immunization precautions and I am not suffering from any communicable diseases. I also affirm that I am not suffering from any serious health illness, including mental illness.

I shall observe strict discipline and follow the instructions of the Faculty/Supervisor and other authorities during my stay inside the campus, hostel or in activities beyond class rooms which the Institute/University shall arrange, where I shall participate, requiring travel/s within and outside the country, such as, military training camps, industrial visits, educational tours, field work, seminars, conferences, workshops, quiz/technical competition, cultural programs, sports, training programs, to present research papers and such other curricular, co-curricular and extra- curricular activities.

Further, I have gone through the academic requirements of the program that I have enrolled for and have fully understood that while pursuing the said program, I shall be required to maintain minimum level of SGPA and CGPA in order to be eligible for an award of degree, to be conferred by Adamas University, on successful completion of the program as per prescribed regulations.

I hereby declare that:

I have gone through the rules, regulations and guidelines in regard to academics, examination, ragging, discipline and educational tours and all other activities, as notified by the University.

I fully understand that all these notifications and such other guidelines and norms, as may be notified by the University, Government of India and statutory bodies from time to time are also to be followed by me in true spirit, during my entire tenure with the University. In case of any violation/indiscretion by me, I will be subject to the provisions of Government of India Laws and/or Adamas University Regulations.
