About the French Language Training

French Language Training is a 6-week online training program to help you learn one of the world's most popular foreign languages. In this program, you will learn how to read, write, understand (listen) and speak beginner level French and use it in day to day interactions. This training consists of high-quality video tutorials and is packed with assignments, assessments tests, quizzes, and practice exercises for you to get a hands-on learning experience. The highlight of the training is an in-built speech recognition engine to help you practice speaking in French (say hello to tech in ed-tech!).

By the end of this training program, you would have built a strong foundation in French language and will be able to use it in general every-day conversations like when greeting someone, asking for directions, expressing likes and dislikes, and more. For doubt clearing, you can post your queries in the forum and get answers within 24 hours.
